AGHH!

I-I-IS HE...

No matter how much they thrash about or how fast they run, it's already too late...
That pitiful rabble just doesn't know when to give up...

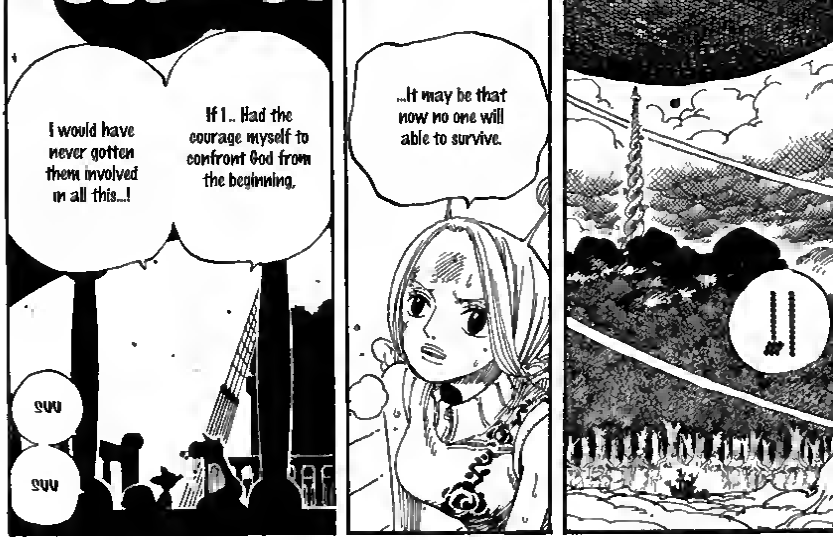
THE STALK IS-



I would have never gotten them involved in all this...!
If I.. Had the courage myself to confront God from the beginning,

SUU
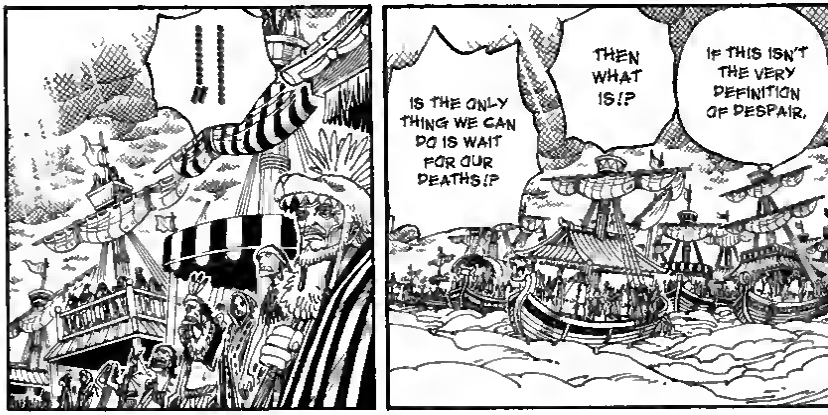
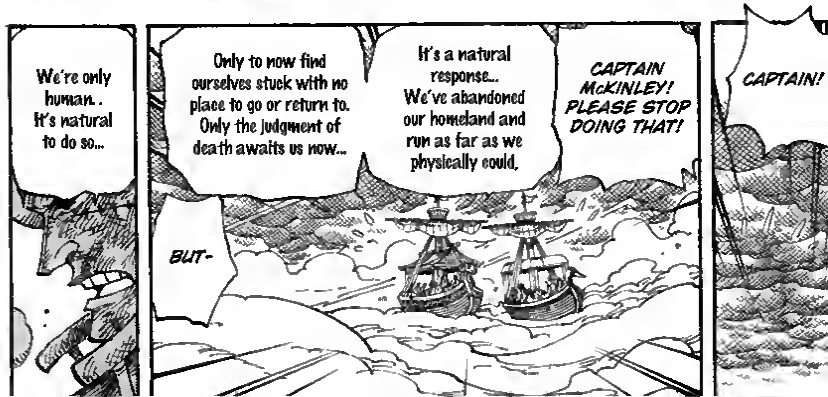
...It may be that now no one will able to survive.
!!!

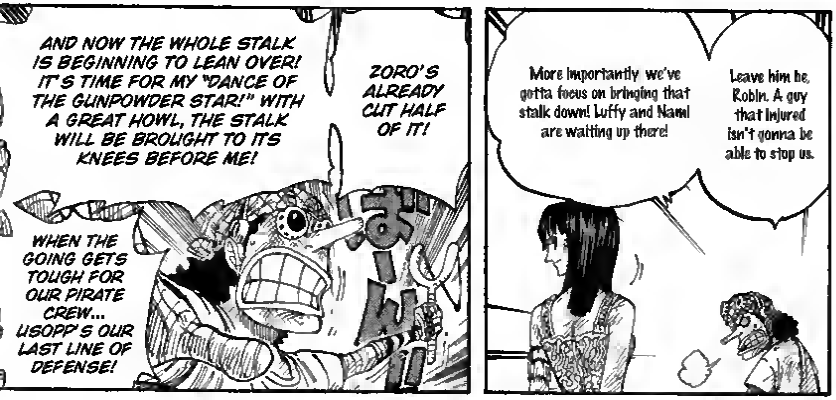


!!!
IS THE ONLY THING WE CAN DO IS WAIT FOR OUR DEATHS!?
THEN WHAT IS!?
IF THIS ISN'T THE VERY DEFINITION OF DESPAIR.



We're only human.. It's natural to do so...
:
Only to now find ourselves stuck with no place to go or return to. Only the judgment of death awaits us now...
It's a natural response... We've abandoned our homeland and run as far as we physically could.
BUT-
CAPTAIN McKINLEY! PLEASE STOP DOING THAT!
CAPTAIN!

Just what connection does Straw Hat have with it!?
Ringing that bell... Only carries meaning for those who've inherited Kalgara's will!
You stay quiet!
NO, STOP! WIPER, PLEASE!



AND NOW THE WHOLE STALK IS BEGINNING TO LEAN OVER! IT'S TIME FOR MY "DANCE OF THE GUNPOWDER STAR!" WITH A GREAT HOWL, THE STALK WILL BE BROUGHT TO ITS KNEES BEFORE ME!
ZORO'S ALREADY CUT HALF OF IT!
WHEN THE GOING GETS TOUGH FOR OUR PIRATE CREW... USOPP'S OUR LAST LINE OF DEFENSE!
More importantly we've gotta focus on bringing that stalk down! Luffy and Nami are waiting up there!
Leave him be, Robin. A guy that injured isn't gonna be able to stop us.

The whole world mocked him, but his descendants continued to believe him. Even today, they still search for the city of gold down in the blue seas.
Down in the blue seas, there was a certain explorer who lied about finding a city of gold.
400 years ago...
WAIT-
AND AWAAAY I GOOOO!

Such romance...
Even in this desperate situation... He throws away his chance to escape for this instead....
What a strange man...
..Or so that's what Straw Hat believes
Ringing the golden bell will tell the descendant down below that the lost city of gold was up here in the sky all along.
Isn't it a lovely reason?
What...
What's the name of that descendant...
!? Then is the name...
Montblanc

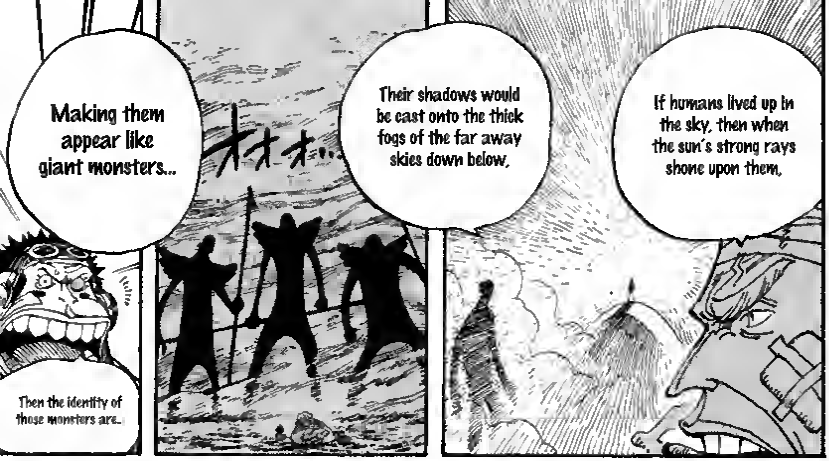
About the "monsters" that appear with the emperorwindbus cloud...
There's only one bell that can be heard from so far away..



Making them appear like giant monsters...

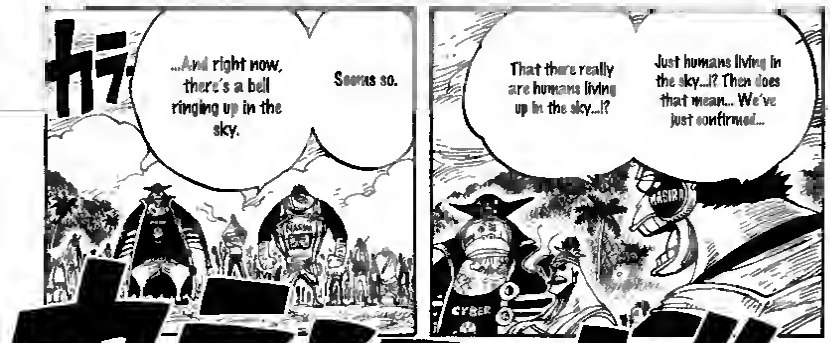
Their shadows would be cast onto the thick fogs of the far away skies down below,
If humans lived up in the sky, then when the sun's strong rays shone upon them,
Then the identity of those monsters are...



...And right now, there's a bell ringing up in the sky.
Seems so.

SKY ISLAND MUST REALLY EXIST!

Its long memories are not likely to fade.

P: Hello, Oda-cchi! Nice to meet you. I have to say I'm quite ticked off right now! "HEY YOU! ONE PIECE READERS! Stop starting the SBS without permission! We should aknoiwedge Oda-cchi's status as the creator!" Whew, it's nice to get that pent-up stress out. Now then... START THE SBS!

-Ayako-

O: YOU'RE STARTING IT!? Ohhh, so that's how you're gonna play it, is that it!? Just when I thought I'd regain rightful control of the SBS as the creator too! WELL FINE! I'll wake up super duper early and get in line for the next volume to finally start it myself!

P: Hello, Oda-sensei! Why does Gedatsu's hair change from scene to scene? Just how many locks of hair does he have? Please answer in Oda-speak.

-TAKE-

O: Oda-speak, eh? I'm impressed you knew about its existence. Very well! The reason why Gedatsu's hair changes is...!

BOTEMANOHONUSSODEREMOKEFYOBOTEMAMUCHAPOPOSHIBIWHOREALLYCARES-MAHAHANYUNYONYON. That's why.

P: A quick observation about Enel. When I realized that his line, "I am God (kaminari)" is the same as the word for lightning (also kaminari in Japanese), I thought I should recommend you as the next presidential candidate for the WOF (World Oyajigag Federation), to which my father serves as the current president.

*tl note. Oyajigag (literally meaning "old man humour") refers to lame, usually pun-related jokes that only old Japanese men would make and find funny

O: Well this is unexpected. I'm still a peppy young man in my 20s. Please don't.

We're not obligated to treat him.
Hey, isn't that one of the guerillas?
This is terrible!
Ah! Even his bones are a mess!
Huh? What's that supposed to be?
A desperate stand.
But he put up.
I don't know what was exactly his deal but..
Hmm...
Pity?

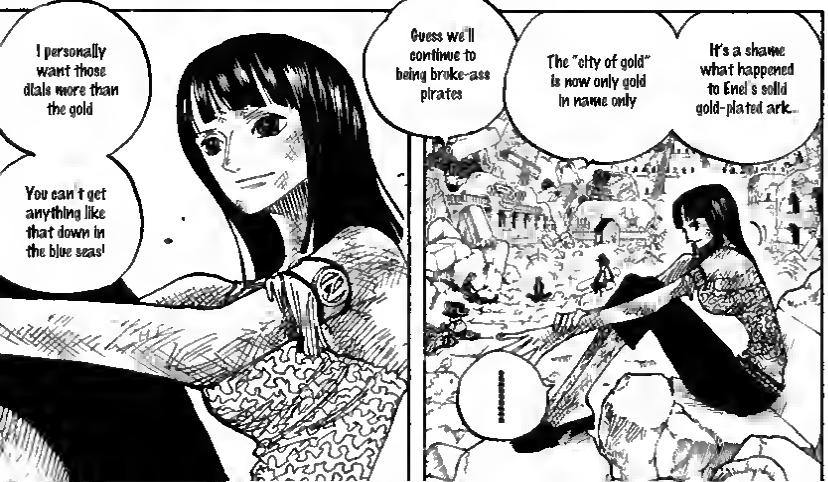
So what happened?
I think it fell into the sea.
I'm worried about Conis too...
Well, since Luffy's with her I'm sure she's fine...
If Nami's alright...
I wonder
Where could she be...?



I personally want those dials more than the gold
You can't get anything like that down in the blue seas!
Guess we'll continue to being broke-ass pirates
The "city of gold" is now only gold in name only
It's a shame what happened to Enel's solid gold-plated ark...

Put all the priests out onto a drifting cloud.
Gather all those who can still move.
Right.
With Enel gone, I doubt they'll even have the will to fight.
It's fine. It seems Aisa made friends with them...
Is it really alright to let the blue seas people treat Wiper...?
We gotta go before the knocked out enemies regain consciousness.
Well, let's hurry back then.
PIERRE...
PIERREEE!
Pierre... Go rest with the people of the blue seas.

AAAHHHH!
HEEYYY!
LUFFY!
ズル ズル
And Cooonnilsss!
Naaaamiii!
We found it in a priests' storehouse inside the forest
What is all that you're carrying? Food? From where?
That's not what she meant
Conis! You were worried so deeply over me!?
I was so worried... But I couldn't do a thing about it.
THANK GOD... YOU'RE ALL SAFE!
Luffy!
Nami!
There's still more in there!
SUU

He tried to protect me..

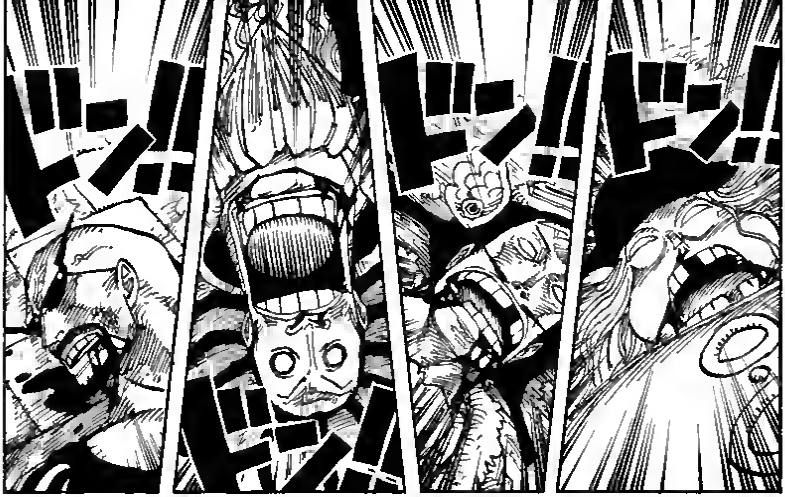
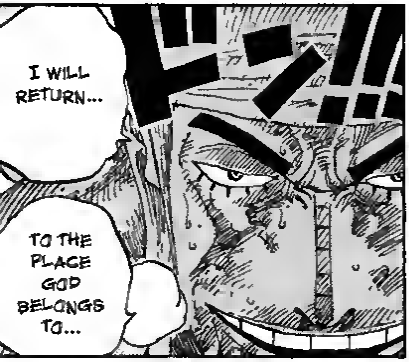
WAIT, WE'RE TALKIN' ABOUT YOU!

Actually, right now,
When I came to, I realized I had fallen one level below.
FATHER!
Yes, sorry about that.
Down to the white seas below?
You fell.
But with Angel Island entirely destroyed,
And are now returning up here, one by one...
Made a new route back to the White White Seas using a milky dial,
People who had escaped down to the White Seas via Cloud End,
They're all coming up to the Upper Yard.
I'm so glad..
Save your strength and don't talk..
I'm no longer such an important man...
God!
Ohh!

But everything is over now!
You can all meet your family again!
For abandoning you all here for 6 long years...
Forgive me...
Is the war truly over...?
So have the Shandians... Their hidden cloud village is gone too...!
God...! Angel Island is gone! We've lost a home to return to!
God's army may be gone now, but...
Can a 400 year-old conflict... Be so easily buried away?
Chief...



ドン!!
ドン!!
ドン!!



I WILL RETURN...
TO THE PLACE GOD BELONGS TO...

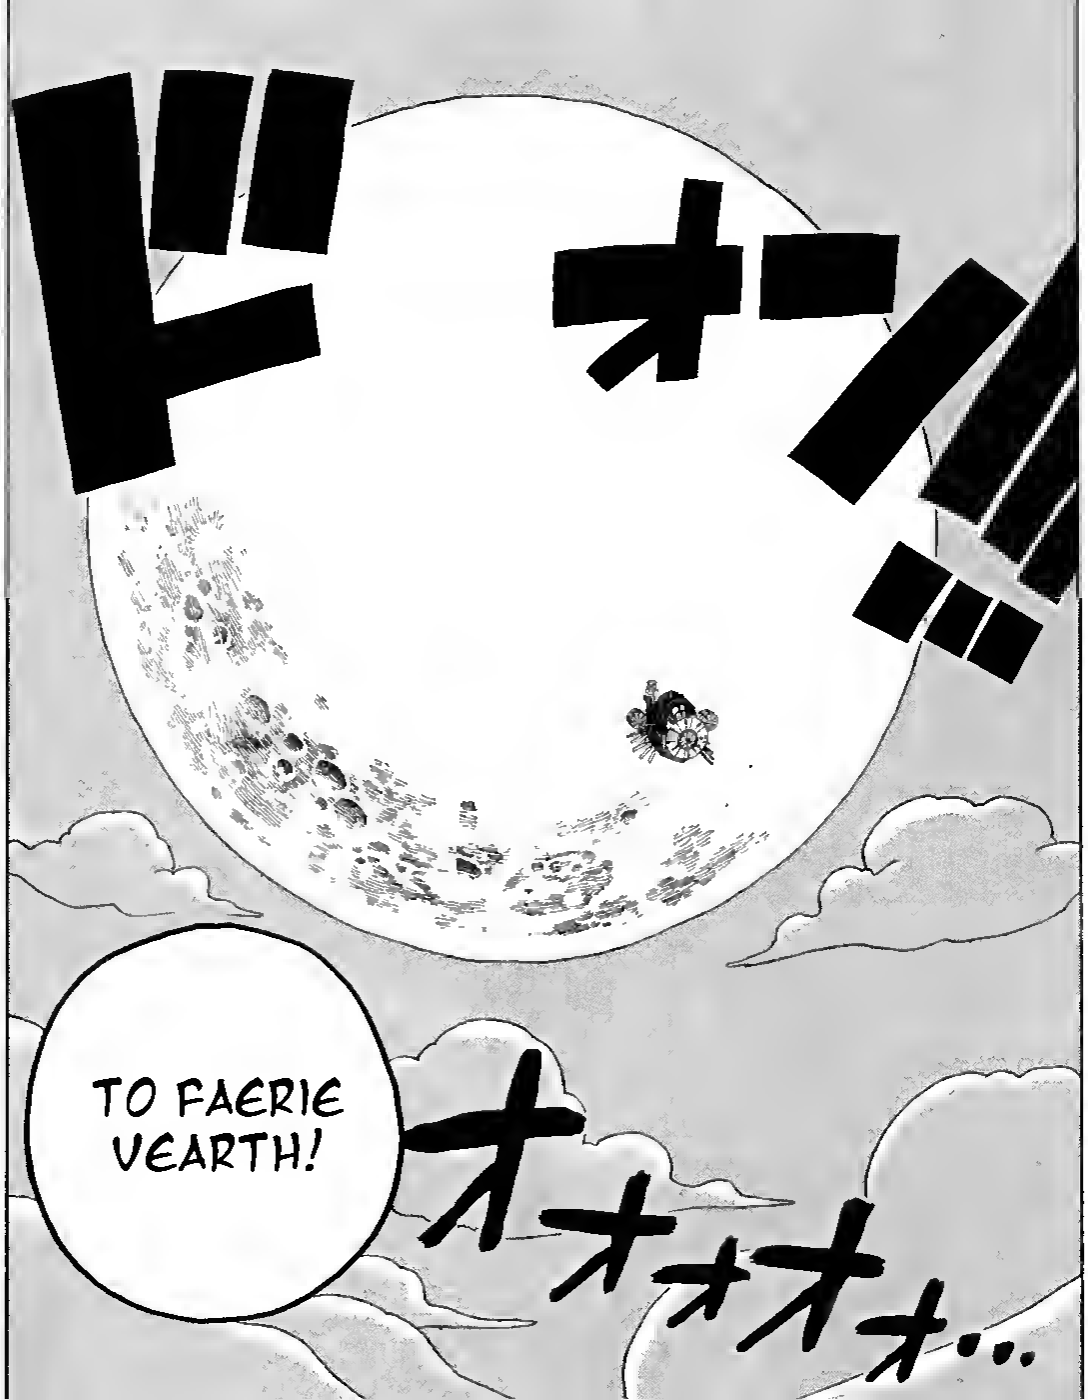
What do we do now? Go back to the ship?
It's already night..
Boy, did I ever eat
What do you mean?

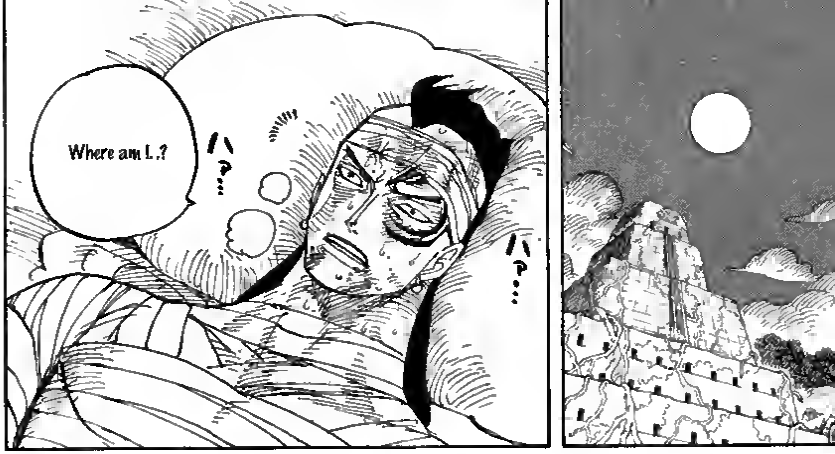
WHAT THE HELL DO YOU MEAN!?
Yeah, she's a failure as a human being, alright.
She still doesn't realize it, Usopp.



ドォン
TO FAERIE VEARTH!
オォォォ...

Let us ascend, Maxim.

To God's land which shines above at night...



Where am I..?

Stay still. There is no discrimination when it comes to treating the victims of war.
Ahh! Please refrain from moving!
How dare a sky human step f-
Can Fall..
In the ruins of Shandora.

Let us wait and see how the situation unfolds...
?
Do not rush, Wiper...
Where's the golden bell...!? We still have a duty to protect it..
Chief...!

Chief!
For those of us who live now, this sky is our home...
A war was in the distant past...
No matter how fierce,
Does not reject anyone.

Even at the very least, Vearth...
Listen closely, Wiper...

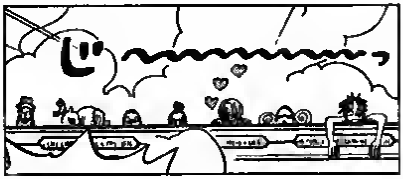
D: Lord Odatsu! If you roll your eyes to the back of your head, you won't be able to draw your manuscript!

-Doraplece-

O: Ahh! How careless!
(me trying to draw Luffy with my eyes rolled back ->)

D: Salutations, your Grace. Forgive me for robbing your Grace's precious time but I bring a question. During the bath scene of volume 23, the men attempted to peek at the nubile bodies of Nami and Vivi. Now, although I can comprehend why Sanji, Igaram, and King Cobra wished to peek...



Why in the hell did Usopp, Luffy, and Chopper peek too!?

PLEASE ANSWER ME (SERIOUSLY)!
If you don't answer me seriously, I'll... I'll... I'll SUE YOUR PANTS OFF!

-President of the Association to Prevent Peeping Boys, Shikobaya Pinoko-

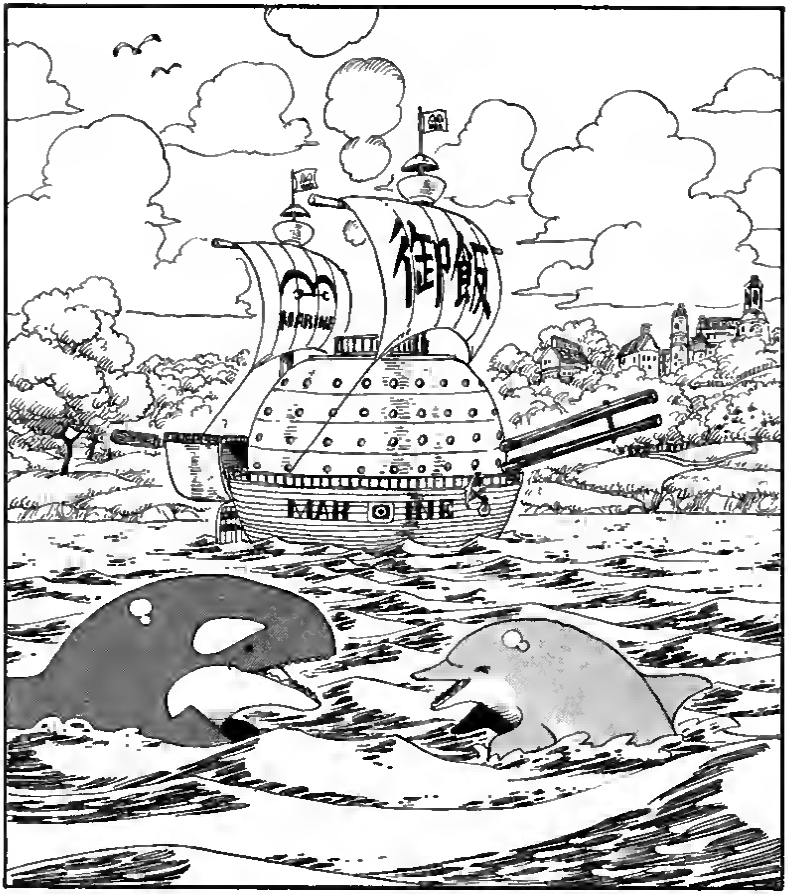
O: Why, you ask? Well, that's because they're all healthy boys. I don't think there needs to be any other reason than that. But for Chopper, he may have done it just because everyone else was. Frankly, to not want to peep on a beautiful girl when she's naked is a great disrespect to that girl in my o- Ahem, I mean, in Sanji's opinion.

D: Ohh Enel, Enel, wherefore art thou Enel?

-Hina-

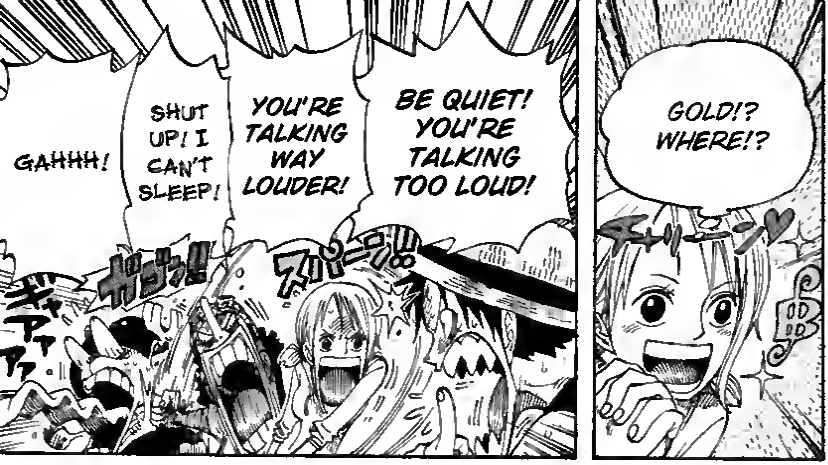
O: Right. Thanks for the postcard.

Chapter 301
"Having Arrived Here"



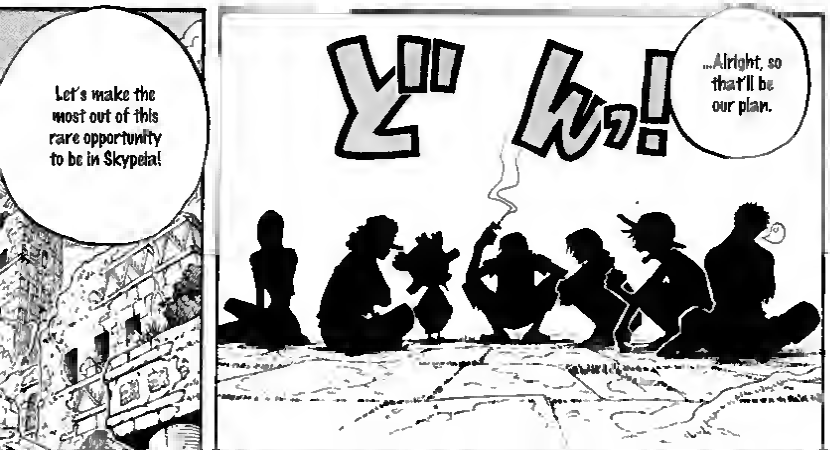
ACE'S GREAT SEARCH FOR BLACKBEARD VOL. 26
"MARINE SHIP COMES TO BUY MILK FOR THE MARINE CAFETARIA"

With the end of the 400-year war in Skypiea,
The celebration of joy continued throughout the country for several days.
HEY, NAMI! WAKE UP THE GUYS!
Mmn..?
What?
SNERK
SSHHH!
LET'S MAKE OFF WITH THE GOLD!



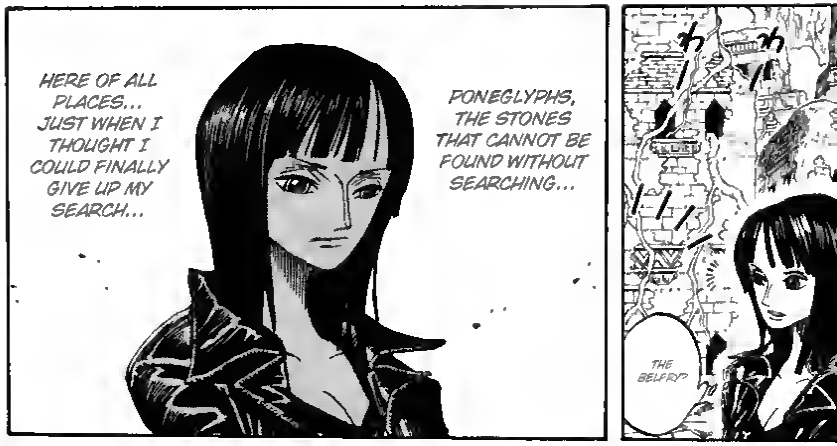
GAHHH!
SHUT UP! I CAN'T SLEEP!
YOU'RE TALKING WAY LOUDER!
BE QUIET! YOU'RE TALKING TOO LOUD!
GOLD!? WHERE!?

Those blue seas people sure do love to party..
What?
USOPP HIT ME!
A lovely morning to you, Nami!
HEY, WAIT A MINUTE! IT'S NOT EVEN MORNING!
Huh? Is it morning already?
YOUR VOICE IS WAAAYY LOUDER THAN MINE!

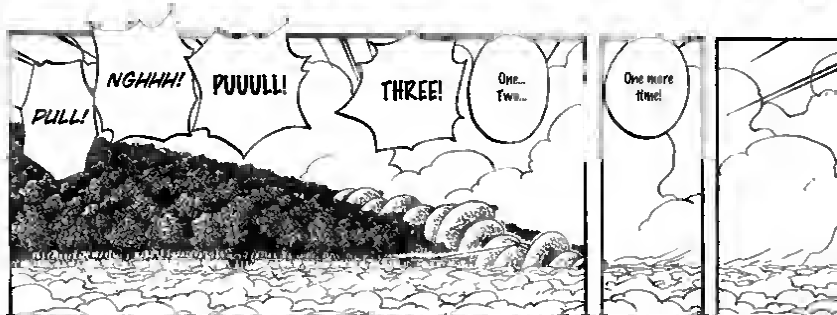


Let's make the most out of this rare opportunity to be in Skypeia!
ドンッ!
...Alright, so that'll be our plan.

ANYBODY WITH SOME MUSCLE SHOULD COME TO THE EASTERN SHORE AND HELP AT ONCE!
Really!?
WE'RE TRYING TO PULL IT BACK UP RIGHT NOW!
IT WAS CAUGHT ONTO THE COLLAPSED GIANT JACK!
WHAT!?
CHIEF! WE FOUND THE GOLDEN BELL!

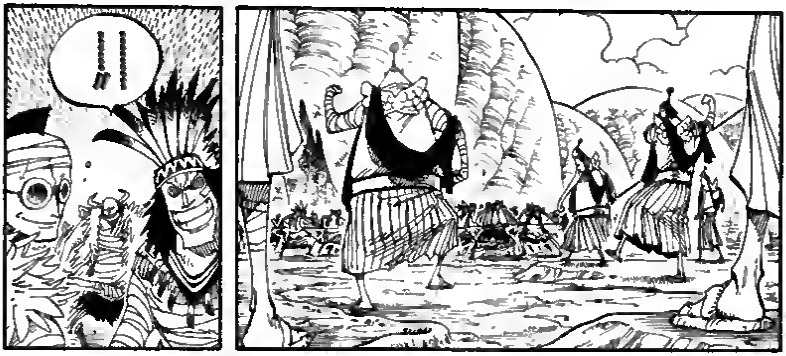


HERE OF ALL PLACES... JUST WHEN I THOUGHT I COULD FINALLY GIVE UP MY SEARCH...
PONEGLYPHS, THE STONES THAT CANNOT BE FOUND WITHOUT SEARCHING...
THE BELFRY?



PULL!
NGHHH!
PUUULL!
THREE!
One... Two...
One more time!

Step
ONE MORE TIME, EVERYONE! ONE... TWO... THREE!
わあああ
!?
PUT YOUR BACKS INTO IT!
THAT'S RIGHT!
We have to save it no matter what!
It's the pride of our ancestral city!
Damn it! We still need more people!



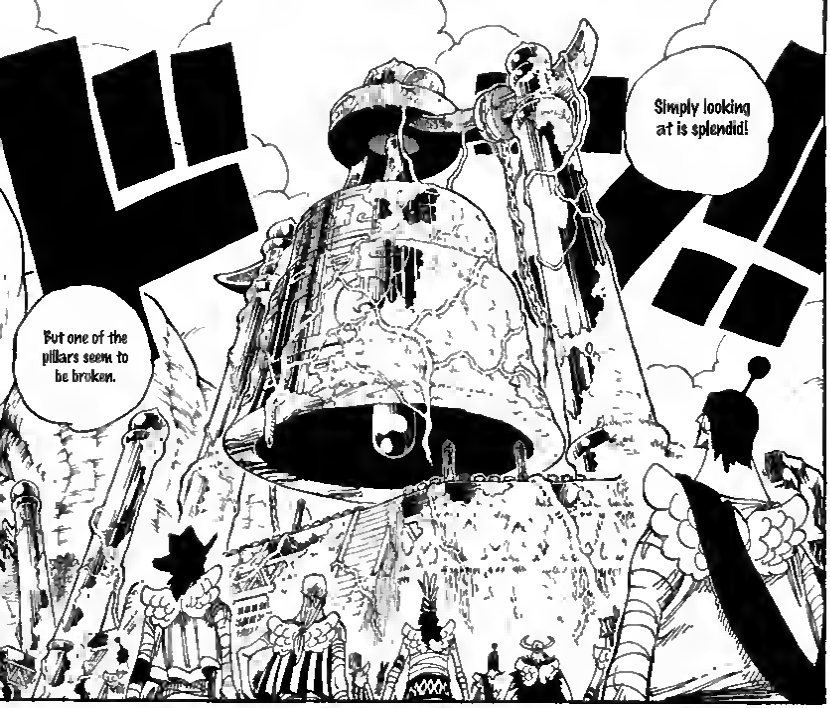
!!!

うおおおおおおおおお!!
PULL!
ギッ!

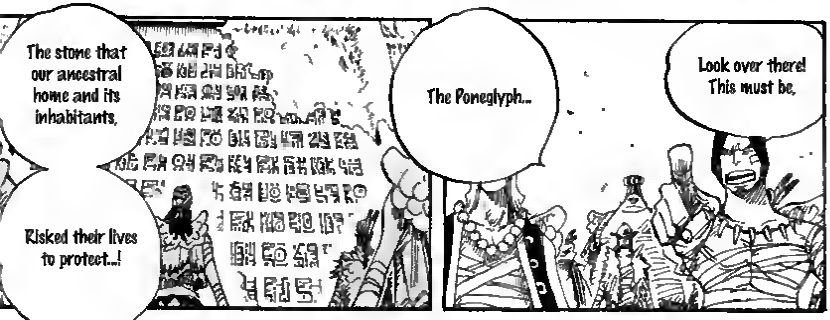
But wait, there's more! Check out these iron sheets!
You'd all like some iron, right?
About 90% of the work in felling the Giant Jack came from the power of these Usopp rubber bands. I'm the only one in the world with a supply of these.
This is what a rubber band is?
Rubber... band?
STREEETCH
STREEETCH
どーーん!!
GAHAHA HAHAHA!
No, I like these rubber bands more! I'd be happy to trade for them!
You can trade for these with your dials...
I brought over these specially from my ship!
I want some too! Is that okay!?
Hey, Zoro! You want me to make that katana into a flavour sword?
I can do so much with them! It's time for a dial revolution for Usopp's Factory!
No thanks
Can't wait to do all kinds of things to my pachinko too... Hee hee hee!
I can even make Nami's climatact much stronger now!
DIALS, THAT IS!
YOU BET! GOT A BAG FULL OF 'EM!
You're in a good mood, Usopp Did you get a good deal?
BLOCK!

They're still inside. As for Robin, she went off somewhere.
Where are Luffy and the other guys? Or Robin?
Before it wakes up and causes trouble again.
But we better get going.
I don't know what it was so happy about.
Well, it did dance non-stop for several days...
This snake sure sleeps like a log.
ZZZZ
Huh? This gentle snake?
THERE'S SO MUCH STUFF HERE!
LOOK!
"Huh? This gentle snake?"
You even listening to me, Usopp!?
"Huh? This gentle snake?"
IT'S A TONE DIAL!
QUIT WASTING MY TIME!
Gentle, my ass! You have no idea how bad this snake can be.
"Huh? This gentle snake?"
Like I just said, you can only say that.
Because you haven't seen what it's really like.

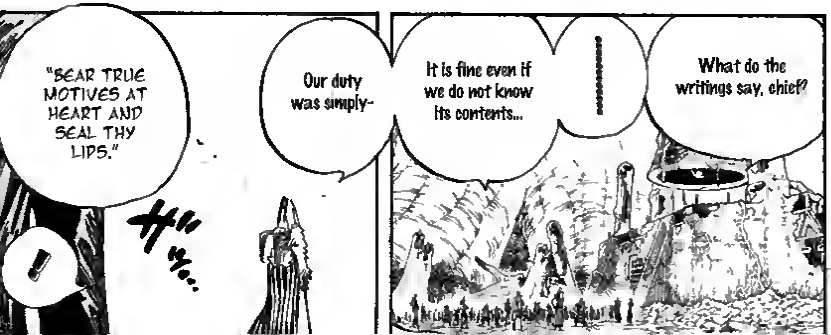
So pretty! It's just like the one the monkeys had!
AMAZING!
SEE!
SEE!
WHOA, THIS IS REAL TREASURE!
What the hell has this snake been eating...?
おおお
ドーーー



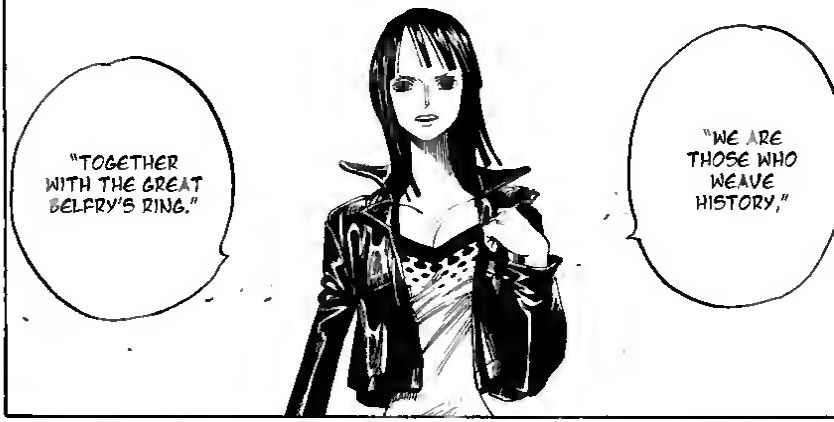
Simply looking at is splendid!
But one of the pillars seem to be broken.



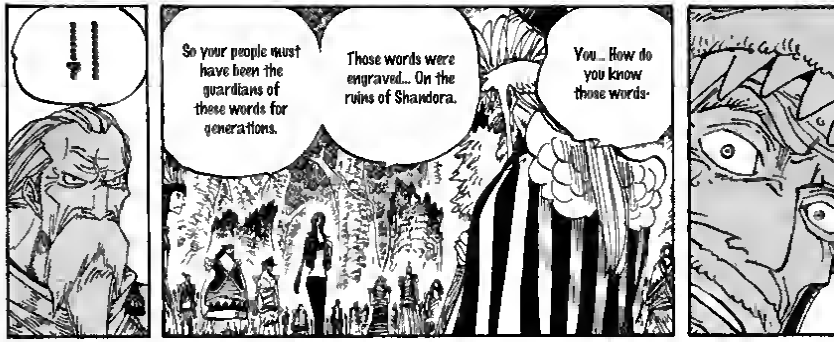
The stone that our ancestral home and its inhabitants,
Risked their lives to protect...!
The Poneglyph...
Look over there! This must be,



"BEAR TRUE MOTIVES AT HEART AND SEAL THY LIPS."
Our duty was simply-
It is fine even if we do not know its contents...
What do the writings say, chief?



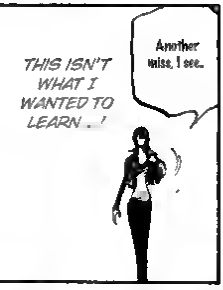
"TOGETHER WITH THE GREAT BELFRY'S RING."
"WE ARE THOSE WHO WEAVE HISTORY,"



!!!!!
So your people must have been the guardians of these words for generations.
Those words were engraved... On the ruins of Shandora.
You... How do you know those words-

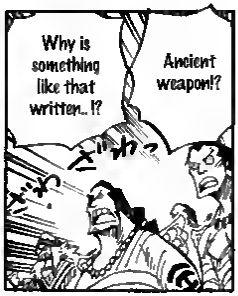
?
!!!!!
ゴク...
WAIT...! ARE YOU SAYING...
YOU CAN READ THAT SCRIPT!?

THE ANCIENT WEAPON THAT BEARS THE NAME OF GOD,
"POSEIDON"... LIES THERE.
!!?



THIS ISN'T WHAT I WANTED TO LEARN..!
Another miss, I see..

TO THINK THAT SUCH DANGEROUS WEAPONS STILL CONTINUE THEIR SLUMBER IN THIS WORLD.
ANOTHER WEAPON, A SEPARATE ONE FROM THE PLUTON IN ALABASTA...



Why is something like that written..!?
Ancient weapon!?

Hm?
...Hey! Aren't the engravings over there written in the same script?

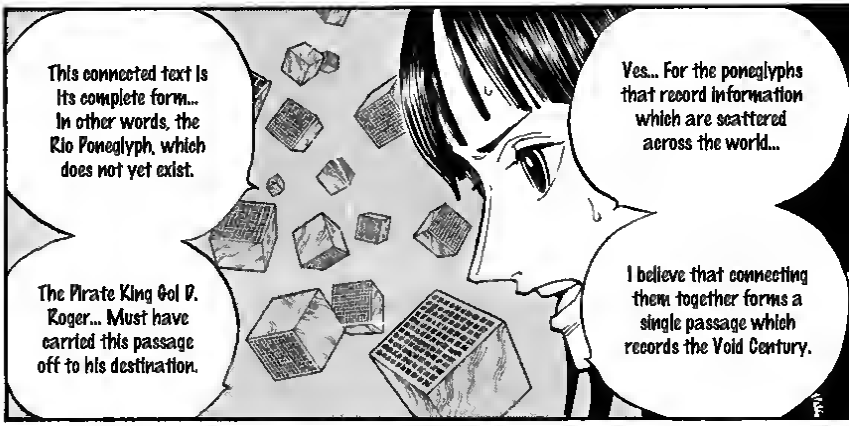
-PIRATE GOL D. ROGER-
"HAVING ARRIVED HERE, I WILL LEAD THIS PASSAGE TO THE ENDS OF THE WORLD."
HOW CAN HE WRITE IN THIS SCRIPT...!?
HE VISITED SKY ISLAND TOO!?
THE PIRATE KING!?
Is his name engraved there?
He was a pirate from the blue seas.
It was over 20 years ago, but a man by that name came up here to the sky
Do you know him?
-Roger? Is that what's written there?

But the undeniable proof is engraved right here...
How he reached this bell...
Yes... Although I have no idea,

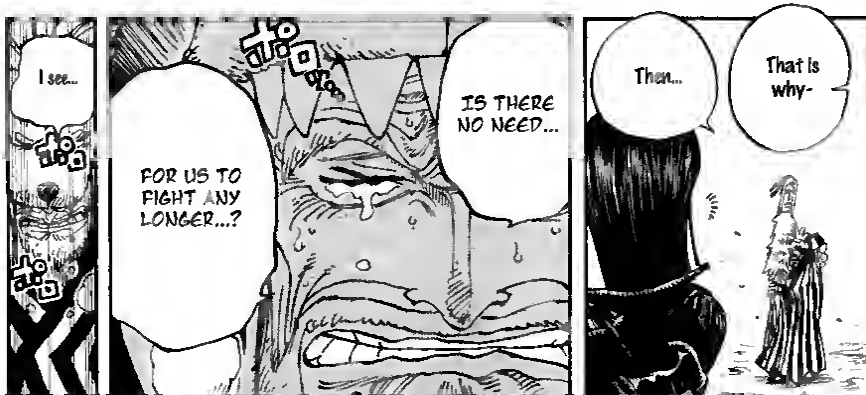
"Lead this passage..."
"Having arrived here, I will lead this passage to the ends of the world.."
And this one... Is a poneglyph that records information
...There are said to be two kinds of poneglyphs.
Those that record information... And those that point to the location of the former...

That the Rio Poneglyph is actually....!?
Could it be...!?

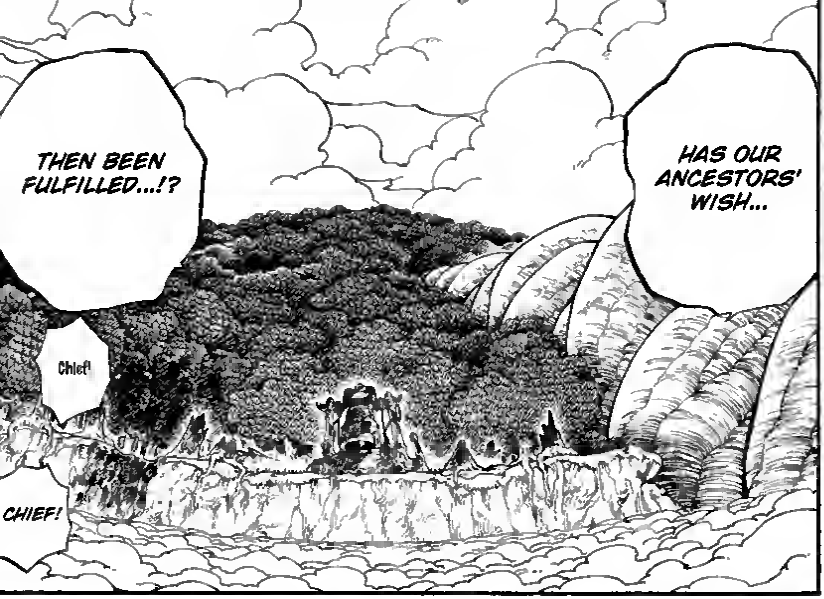
Has fulfilled its purpose.
Its purpose?
Chief, this poneglyph...
!!!!!!!!!!



This connected text is its complete form... In other words, the Rio Poneglyph, which does not yet exist.
The Pirate King Gol D. Roger... Must have carried this passage off to his destination.
Yes... For the poneglyphs that record information which are scattered across the world...
I believe that connecting them together forms a single passage which records the Void Century.



I see...
FOR US TO FIGHT ANY LONGER...?
IS THERE NO NEED...
Then...
That is why-

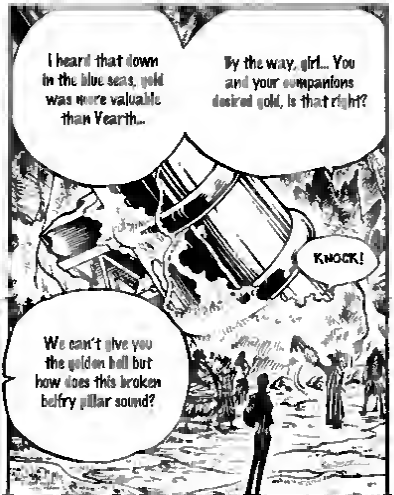


THEN BEEN FULFILLED...!?
HAS OUR ANCESTORS' WISH...
Chief!
CHIEF!

ALL THE PONEGLYPH PASSAGES I HAVE READ..
THAT MEANS I TOO MUST LEAD,

Yes...

Ah! That's a great idea!
We really have to do something to thank you all for everything!

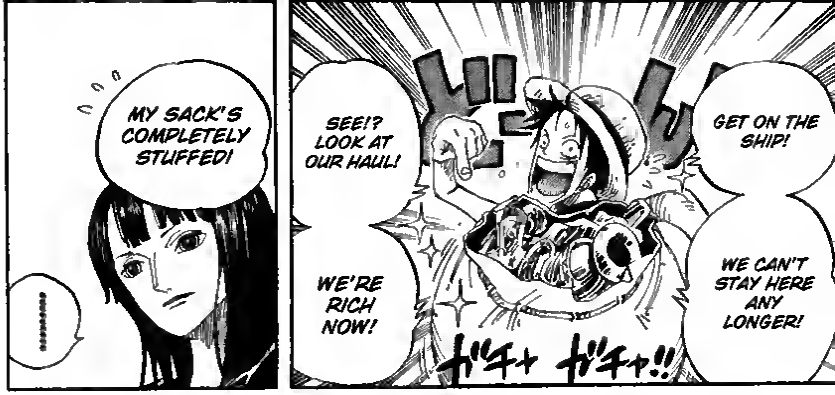


I heard that down in the blue seas, gold was more valuable than Yearth...
By the way, girl... You and your companions desired gold, is that right?
KNOCK!
We can't give you the golden bell but how does this broken belfry pillar sound?

TO RAFTEL!
TO THE END OF GRAND LINE!

WE'RE GOING TO DELIVER IT TO THIS COUNTRY'S SAVIOURS!
Be careful! It's heavy!
That's right! We've gotta thank them for beating Enel!
Alright, guys! Let's bring this over to their ship!
Is that fine? I'm sure my companions will be very pleased!
But it's so big..
Wrap it around with cloth! It's hard to get a grip!
His name is Monkey D. Luffy.
I, too, confess I'm endlessly fascinated by him.
I seem to sense the same air about him as Roger
Miss.. About that straw hat boy..
Is it... merely my imagination...?
Yes..
And I'm certain.. That too, is another important question concerning this world's history.
I see,
"D"...
So they even share one letter in their name.. Hahaha!

It's better that way. They'd come chasing after us if they spotted us.
Why's it so empty here? What happened to all the guerillas and angels?
Robin's sooo late..
After all, we're trying to make off with all this gold!
Well, Nami and Conis should be getting the ship ready to leave at a moment's notice but...
OH PLEASE, YOU'D BECOME A LOST CHILD AFTER SETTING JUST 3 STEPS INTO THAT FOREST!
AS IF YOU CAN ALL TALK!
DUMB-ASS!
Hey look, it's Robin!
DUMBASS MARIMO!
DUMB-ASS!
OH NO YOU! DON'T, DUMBASS!
Ugh, what a bother. We don't have to wait for her. I'm heading ahead to the ship!
Marimo dumbass!
AGHHH! THERE'S SO MANY OF THEM!
OH CRAP! THEY'VE GOT A HUGE CANNON!
ARE YOU RETARDED!? DON'T SAY THAT! JUST LOOK AT ALL THE PEOPLE COMING BACK BEHIND HER!
WE STOLE THE GOLD SO IT'S TIME TO RUN!
HURRY UP!
HEEEYYY! ROOOBIIIN!
Oh, NOW they all suddenly come back.



MY SACK'S COMPLETELY STUFFED!
.....
SEE!? LOOK AT OUR HAUL!
WE'RE RICH NOW!
GET ON THE SHIP!
WE CAN'T STAY HERE ANY LONGER!
ガチャ ガチャ!!

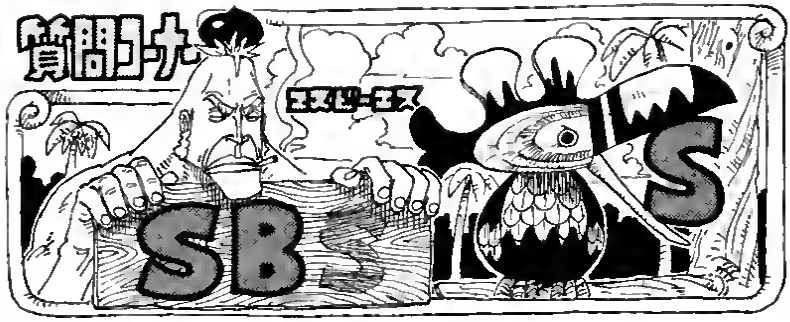
HEY, WAIT!
RUN FOR !!!!!!!!!!T!
OH CRAP, THEY'RE ONTO US!

NO, WAIT! PLEASE WAIT A MOMENT!
Don't tell me they're planning to leave already!?
Hm?
どよよっ!!

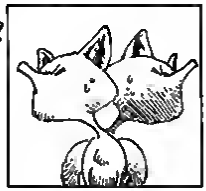
FOR PROUD PIRATES ARE WE! TO RETURN EMPTY HANDED AFTER SUCH GLORIOUS FEATS SHAN'T DO!
RISKED OUR LIVES, DID WE! IN VENTURING OUT TO THIS REMOTE ISLAND IN THE SKY!
IN EXPLORING THE LEGEND-ARY CITY OF GOLD!
Robiiiiinnn! Hurry up or you'll be caught!
ガダダッ!!

You can tell us to wait as much as you want BUT...!
ばっ!!
Woohoo! Preach it, Usopp!

Haha,
It seems they don't need it
Be caught!? What're they talking about!? We were just trying to thank-
Hey, you! Didn't you say they'd be happy to accept this golden pillar!?
BUT-
WHAT!?
WAAIIIT!
RUUU-UNNNN!

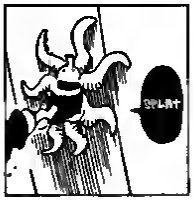


Q: Dear Oda-sensei, previously in the 27th volume, you talked about the pseudonymous Sokotsuya-san. And now Sue's voice actor is credited as Sokotsuya-san. Who's the voice actor this time then? Please give us the real answer.



O: The real answer is Nami's VA, Okamura Akemi. It's pretty hard to tell, isn't it? Fans of the anime, listen very carefully at the voices for the animals. Sokoysuya is one of the voice actors among the regular crew.

Q: You know when Sanji and Usopp are climbing up the ark on the 5th panel of volume 30, p. 153? What exactly is Usopp wearing?

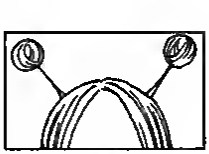


WHAT'S THAT "SPLAT?" WHAT IS IT!?

-One Piece Fanclub No. 009-

O: OCTOPUSHOES. They're OCTOPUSHOES. A brand new invention developed at Usopp's Factory! They have suckers on the back, so technically if you wear four, one for each limb, you should be able to climb anything, or so says Usopp, at least. I'm not sure exactly how powerful they are. But anyways, try saying "Octopushoes" quickly ten times!

Q: Good evening, Oda-sensei. It's a bit abrupt but let's have a match! You'll look... THIS WAY (right)! I won, so here's my question. Just what are those things sticking out from the heads of Skypiea citizens? Some sort of supports? They're really thin though, so I can't imagine them supporting much. Please ANSWER PROPERLY! (says in a commandling tone)
-Apple Lapple-



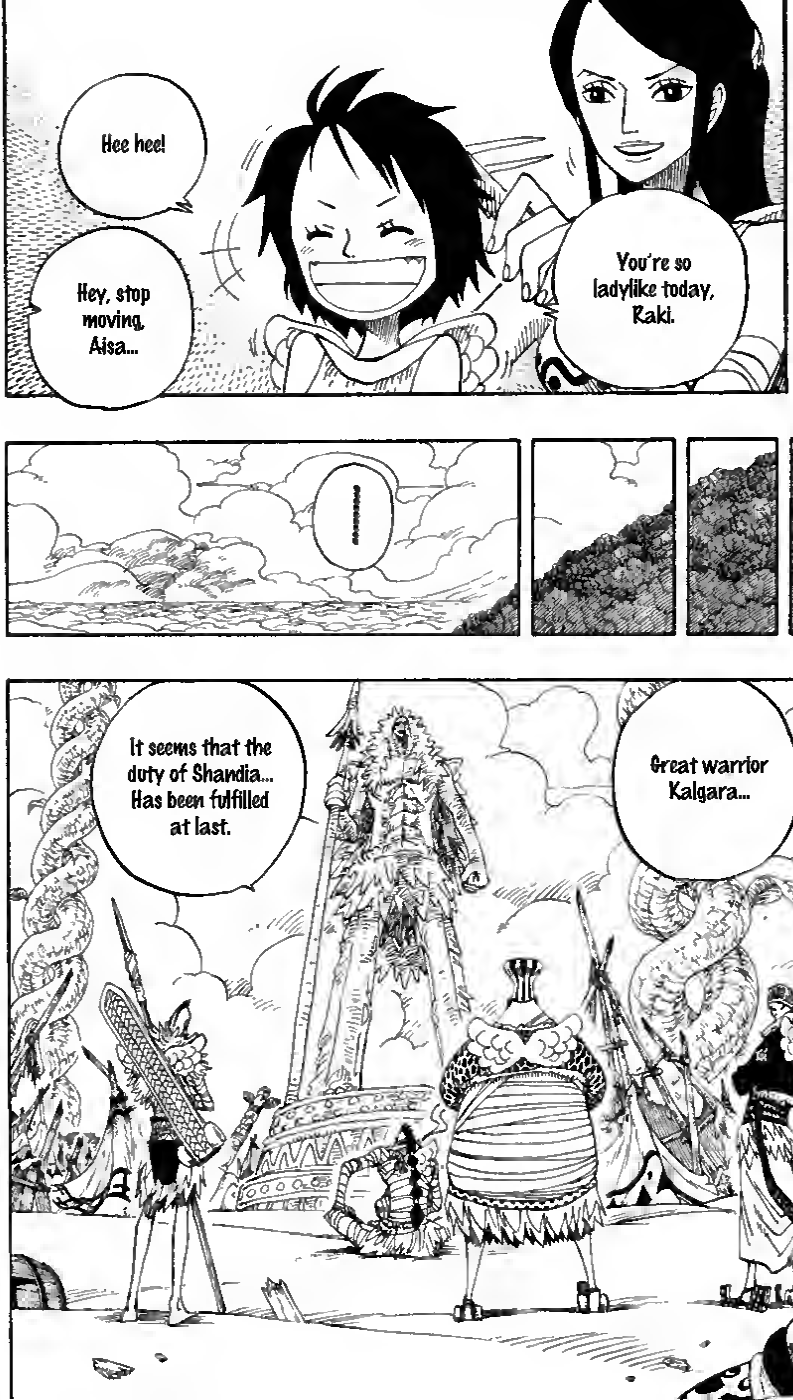
O: ...I lost. I lost at the direction guessing game.... Umm, anyways, those things are like, uh, natural perms. They call'em NABH (short for Natural Advertisement Balloon Hair). How can they stand up so straight despite being so thin, you ask? It's cause, uhh, they're giving their very best.

Chapter 302 "Finale"

ACE'S GREAT SEARCH FOR BLACKBEARD VOL. 27
"THE COOKS ON THE MARINE SHIP THAT CAME TO BUY MILK ARE MODA'S PARENTS"

What..!? They ran off from the island?
Yes.. They didn't even accept our token of appreciation..
Yes, they certainly left without a care for our feelings..
Did they realize even a fraction of the gratitude we felt for them .?
How can this be...
PIERRE

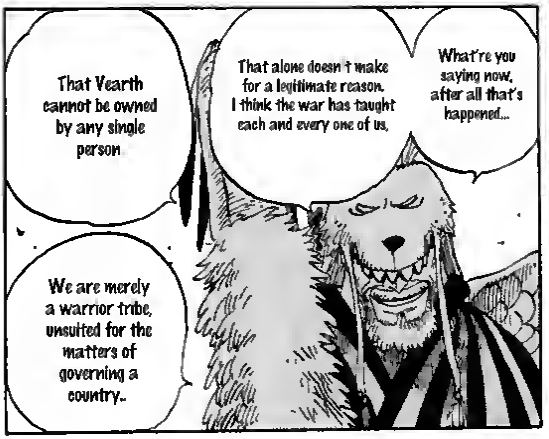
That their saviours ran out on them...
Fufufu!
Everyone's in a big fuss.
How unfair of you, Aisa...
I want to become like him too!
And have my body stretch reeeeeaaaaally long!
Well, Luffy and the others told me not to tell anyone else.
I never knew there was such a strong warrior down in the blue seas!
I can't believe you alone said a proper good-bye to them.
チョキ
Yes, because... Kids like you,
チョキ
チョキ...
No longer need to bear arms...
You're a girl, so you gotta look pretty!
...Huh?
You should grow out your hair. I'm sure it'll suit you.
Aisa... Let's only trim your hair a bit today.
チョキ
チョキ
Pretty?
Who, me?



Hee hee!
Hey, stop moving, Aisa...
You're so ladylike today, Raki.
.....
It seems that the duty of Shandia... Has been fulfilled at last.
Great warrior Kalgara...

There is no longer any need for future generations to shed blood...
Your wish, too,
Has likely reached your dear friend...
That's why we swear...
The war is over...
But we will not lose our pride!
Ever again.
Extinguish,
To never let the flame of Shandora,

A free mercenary!
I am a knight of the sky!



That Vearth cannot be owned by any single person
That alone doesn't make for a legitimate reason. I think the war has taught each and every one of us,
What're you saying now, after all that's happened...
We are merely a warrior tribe, unsuited for the matters of governing a country..

This city originally belonged to your people, after all
I leave it in your care, chief

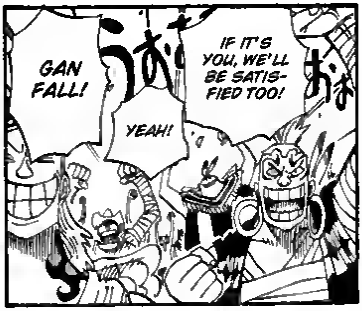
IS A PILLAR.
"GOD"...
THE NAME OF THIS COUNTRY IS SKYPIEA AND THE NAME OF THIS CITY IS SHANDORA.

Is a man who continued to wrack his brain on the war.
That man is you alone.
The pillar that can unite these two separate realms,

So please return to the seat of God once more...!
And support thie deeply wounded country.
.....

As the knight of the sky, you alone occupy a neutral middle-ground.

.....
Just when I thought I could return to tending my pumpkin garden...



GAN FALL!
IF IT'S YOU, WE'LL BE SATIS-FIED TOO!
YEAH!

PLEASE, GAN FALL!
You have all of our support!

PLEASE RETURN TO US!

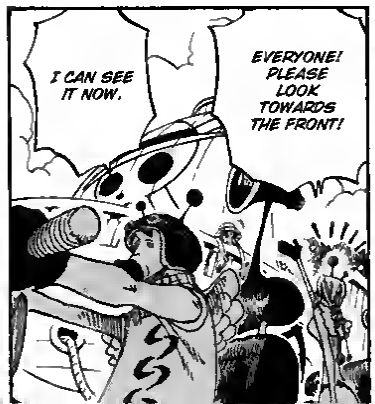
Don't be stupid! We gotta use this to increase our firepower! Let's buy 10 cannons!
How about a HUUUUUGGEE statue!?
SUPER RICH! WHAT'LL WE BUY!?
I want to read medical books of other countries!
It'll be so cool!
More booze.

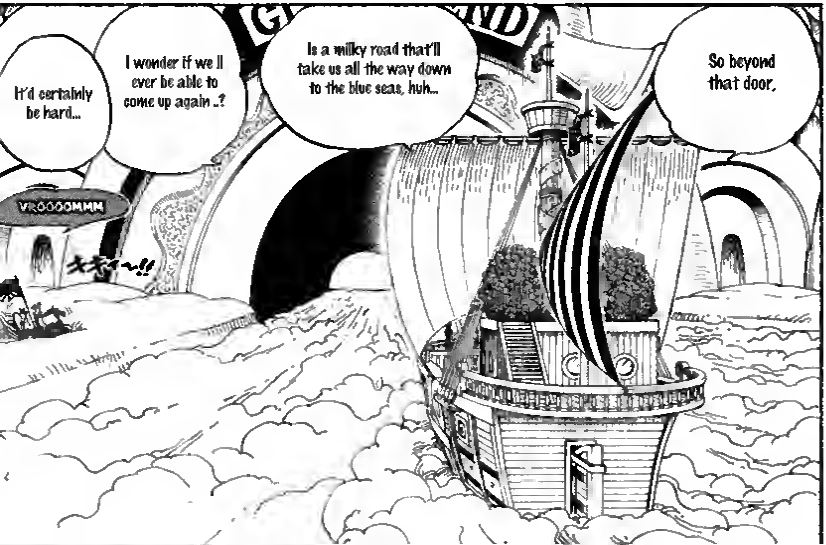


I CAN SEE IT NOW.
EVERYONE! PLEASE LOOK TOWARDS THE FRONT!

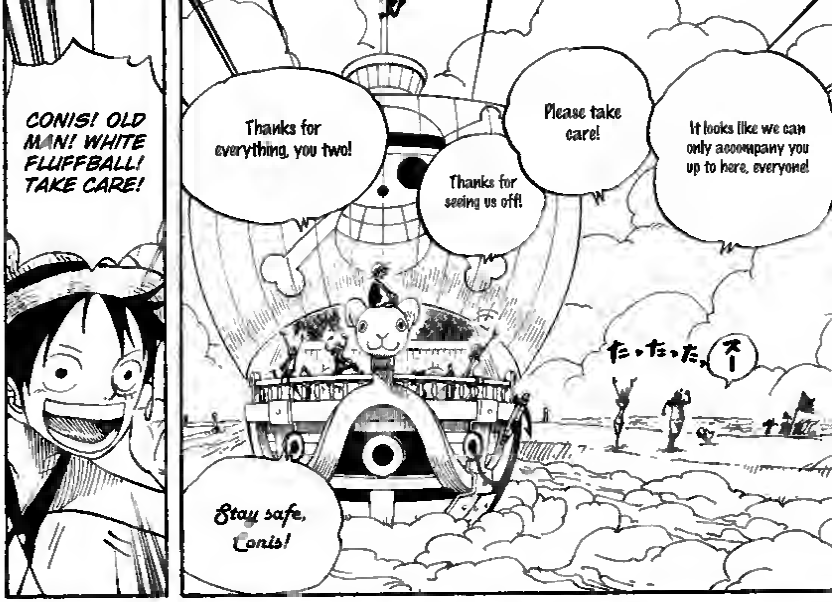
I can't have you guys just going out and buying every little thing you want.
We'll split the treasure after we get down from here!
Hold your horses!
Books pweaase-

どーーーん!!
IT'S CLOUD END!
OHHHH! SO WE CAN GET DOWN FROM HERE!?
CLOUD END

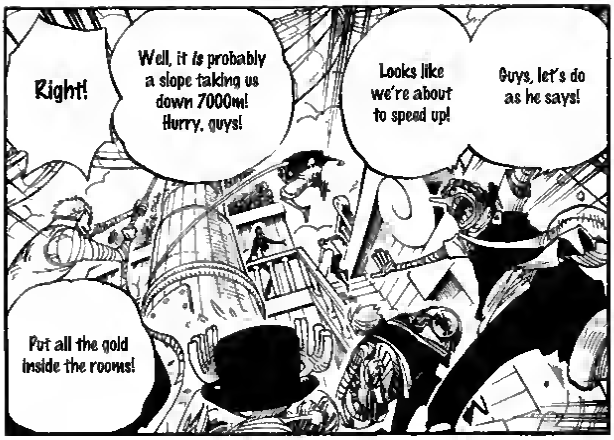
Guess it's time to say good bye to these white seas.
It certainly is hard to say good bye...
Now that we're about to leave,
So we're gonna go down...?
Sigh...
Sky Island sure was fun. But also scary



It'd certainly be hard...
I wonder if we'll ever be able to come up again..?
Is a milky road that'll take us all the way down to the blue seas, huh...
So beyond that door,
VROOOOMMM
大穴～!!

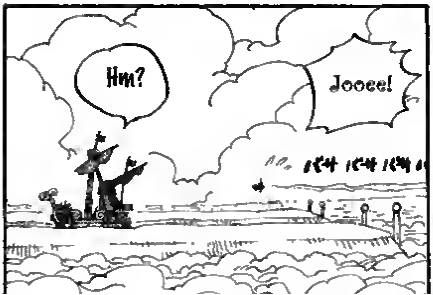


CONIS! OLD MAN! WHITE FLUFFBALL! TAKE CARE!
Thanks for everything, you two!
Thanks for seeing us off!
Please take care!
It looks like we can only accompany you up to here, everyone!
たったったっ
Stay safe, Conis!



Right!
Well, it is probably a slope taking us down 7000m! Hurry, guys!
Looks like we're about to speed up!
Guys, let's do as he says!
Put all the gold inside the rooms!

Please raise your sails and hang on tight to your ship!



Hm?
Jooee!

JOOEEE!

Oh right.. It's the Southbird that we brought along up here.
Jooee! Jooee! Jooee!
It said, "Don't forget me!"
W-WHAT!?
AGHH!
READY!?
ALRIGHT, GUYS!
Oh right! Once we get down from here,
We can start new adventures!
Alright then, captain...

P: That "Conine" medicine that Montblanc Noland made really exists, doesn't it? The other day i just opened up a dictionary and happened to see a definition for "quinine", which is made from the bark of a "quina tree". is that the basis for the medicine in the story?
-Chief of the Top Secret One Piece inteliigence Gathering Agency-

Quinine: An alkaloid made from quina bark. Works to relieve fever and stomachaches. Especially effective against malaria.

O: Yes. It does exist. However the "tree fever" that i described in the story does not exist, so have no fear. Covering topics about disease is always delicate, as there is always the chance that people will find it too upsetting or it has too deep a historical context. And so i tend to fudge the details somewhat.

P: Oda-sensei, HESO! i'm an 8-year old girl who likes animals and One Piece. I found a bird named "Aisa" in a book of animals. Did you take Aisa's name from the bird?
-Nacchan-

O: That's right! it's a bird. Whenever i have trouble with a name, i just open my handy-dandy book of birds. It works pretty well for girls' names!

P: Hello! Odacchi-sensei. i've always wanted to ask you about something, and that subject is... the anime voice actors! i think it would be really neat and informative to have profiles or messages from the cast that breathes life in Luffy and friends! By the way, i am a big fan of Zoro's VA, Kazuya Nakai.

O: A lot of people are asking for this. i'll have to think about it.

Blue seas, Graad Lina, Jaya
Call off the search...
It's only natural, right?
The city of gold is in the sky,
So there's no point in looking for it on the ocean floor anymore...
BOSS!
Boss...
Well, then...
WHAT!? DON'T START ACTING LIKE WE'RE JUST STRANGERS NOW!
I'm surprised you managed to stick with my stubborn search for years and years...
Thanks for.. Everything until now, all of you.

WHAT KIND OF ROMANCE,
SHALL WE CHASE AFTER NEXT?

We'll follow you no matter where, boss!

IT'S BECAUSE YOU PAINTED A BLACK STAIN...
FUFUFU! FUFUFUFU!

Why, you ask? Sarquiss...
Why?

Or does not...
Whether sky island exists,
Whether the city of gold is a mere fantasy,
Or not...
Differing opinions can always be used..
AND TWISTED AROUND!
I could care less about such questions. You see, Bellamy...

What's a guy like him doing here...?
A pirate with a former bounty of over 300 million...
EEK-
AIN'T THAT ONE OF THE SHICHI-BUKAI!?
Donquixote Doflamingo...
FOR WEAK UNDER-LINGS, YOU LITTLE BRATS...!
I have no need...

Oh, how you make me tear up, my obedient little lackey.
I'LL EXTERMINATE EVERY PUSHOVER AS NEEDED,
TO REACH WHERE YOU ARE SOME DAY!
BUT I NEVER INTENDED TO GO AGAINST YOUR WISHES! I SWEAR UPON YOUR SYMBOL!
PANT
THIS IS... JUST MY OWN WAY OF HANDLING THINGS!
I MAY HAVE LOST...

Fufufufufu! The "New Age" is already right before us!
Do as you wish.
However,
Bellamy,
I really do like that part about you!

I don't need you as one of my men.
AGHHH!
DOFLA-
Even Bellamy, the 55 million bounty hotshot rookie,
Was like a baby in front of him!
KYAAA!
Mmm... Fufufufu!
AGHH!
THOSE WITHOUT STRENGTH ARE BETTER OFF FLEEING!
ALL WILL BE SWEPT AWAY BEFORE THE POWERFUL,
AND THE NEW AGE THEY HERALD! FUFUFUFU!

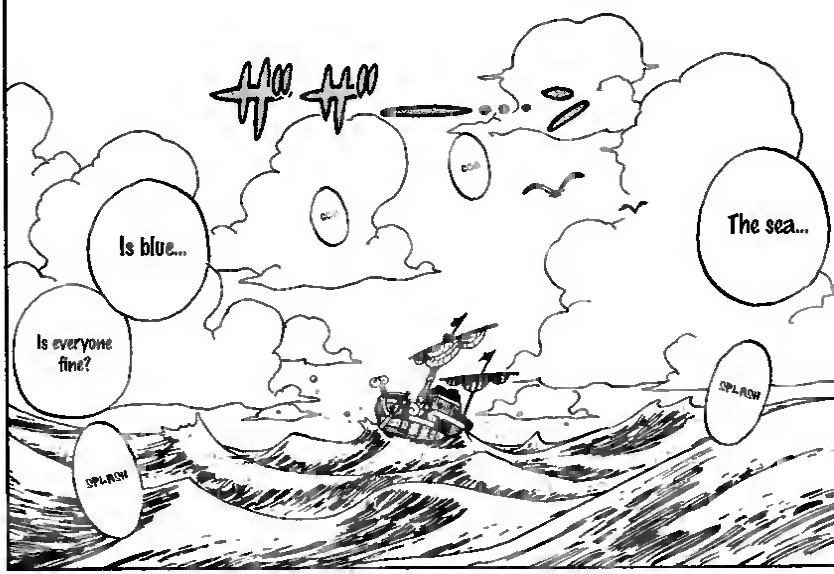
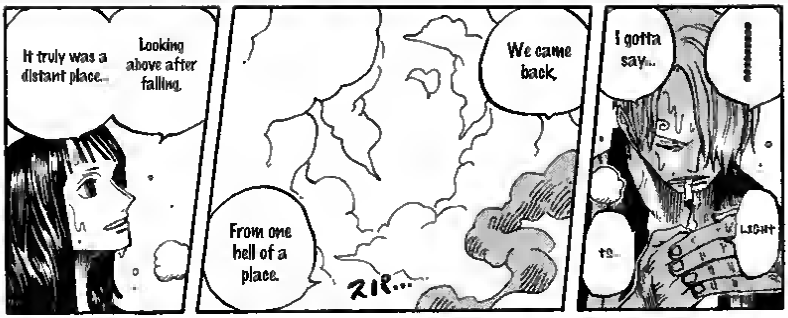
Haa... Even so...
Thanks, little guy!

That was a shock! Who knew the octopus would shrink so suddenly ?
Hah, Hah...
What happened!?
Perhaps it ran out of air...



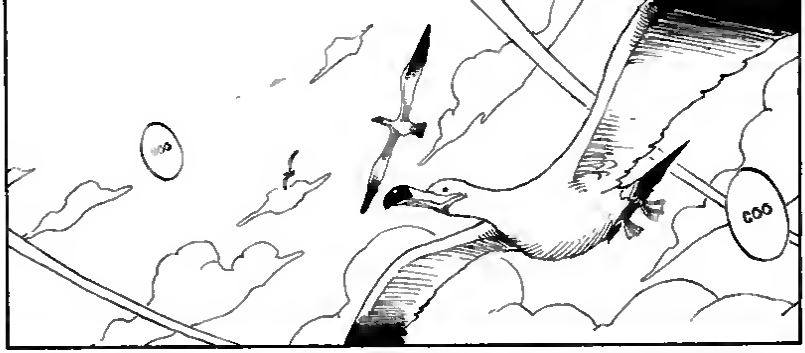
Is blue...
The sea...
Is everyone fine?
SPLASH
SPLASH



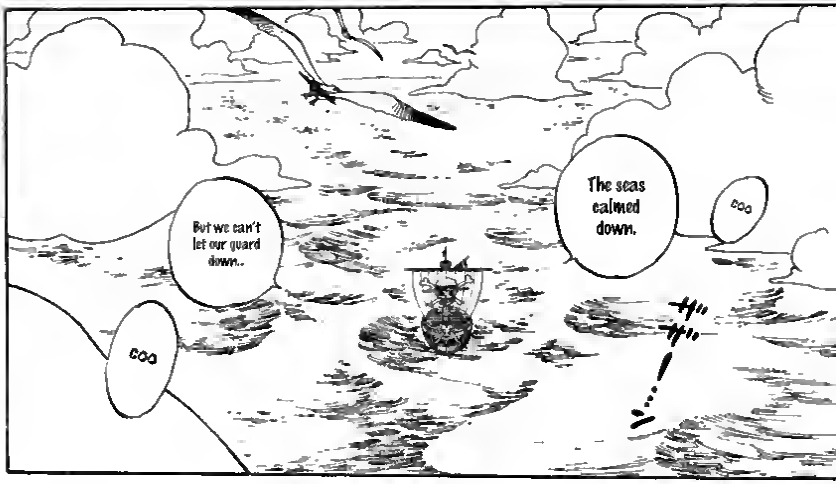
It truly was a distant place...
Looking above after falling.
From one hell of a place.
We came back.
I gotta say...
LIGHT

Alright then...
Zoro, do you actually think you can get into heaven?
Maybe you'd go there if you died?
Or close to it, at least.
A real dreamland...
I wonder if we'll ever be able to go there again...
It's almost as if it were all a dream...

IT'S TIME TO SET SAIL FOR THE NEXT ISLAND!
RAISE THE SAIL, CREW!
Hang on, Luffy! give us a little time to rest at least!
TURN AT FULL SPEED!
AGHHHH!
See, it's here!
Don't be naive!
If you could simply rest whenever you wanted in the Grand Line,
No one would have difficulty sailing it!
The waves are acting a little odd.
Yeah I know but-
Everyone on your feet! Take the helm!
IT'S A HUGE WAVE!
And there's something inside the waves too!
Sea monkeys!



COO

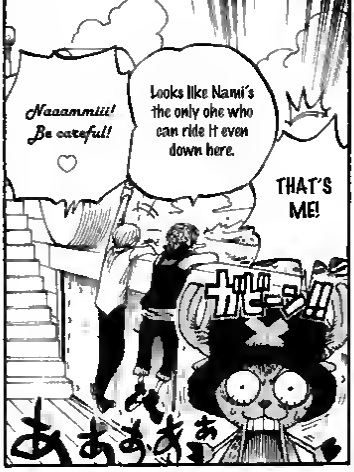


But we can't let our guard down..
COO
The seas calmed down.
COO

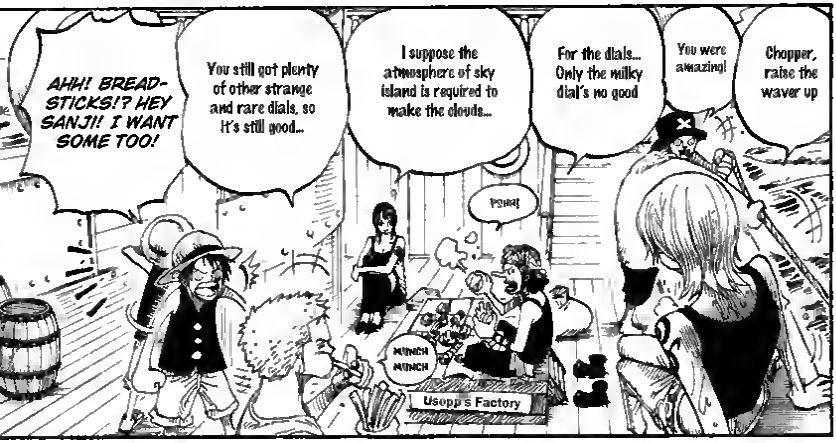
POCTOOORR!
I THOUGHT I MIGHT AT LEAST BE ABLE TO RIDE IT HERE...
EVEN IF I COULDN'T DO IT ON THE WHITE SEAS...
あぁぁぁ
どさっ!!

See, I told you it was impossible.
COUGH!
COUGH!
Haha
Jeez
SLUMP

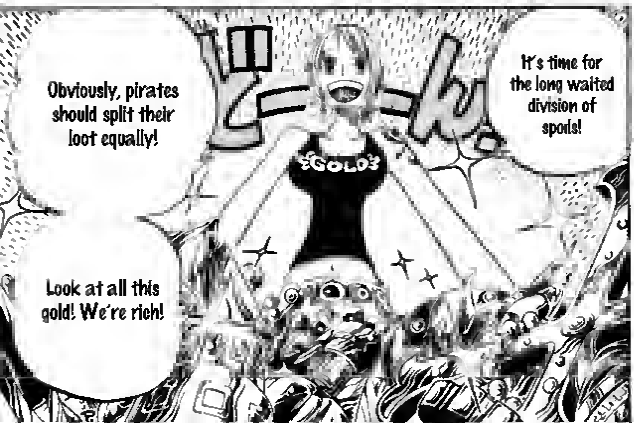
I can use this even on the blue seas!
Thank goodness!
ブォーン!!



Naaammii! Be careful!
Looks like Nami's the only one who can ride it even down here.
THAT'S ME!
ガビーン!!
あああぁ



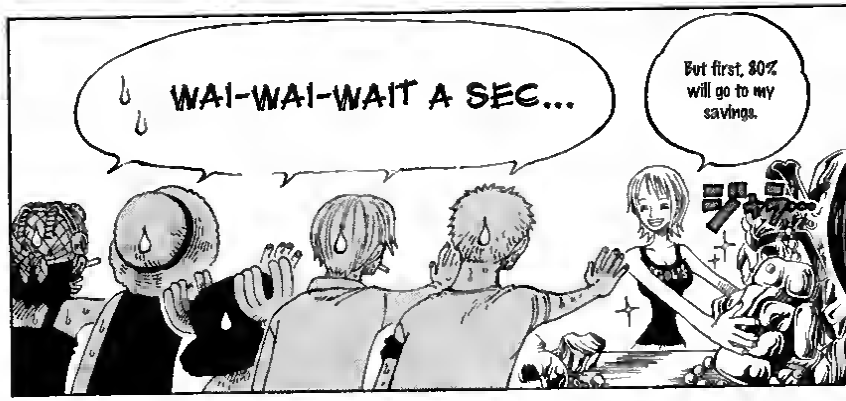
AHH! BREAD-STICKS!? HEY SANJI! I WANT SOME TOO!
You still got plenty of other strange and rare dials, so it's still good...
I suppose the atmosphere of sky island is required to make the clouds...
For the dials... Only the milky dial's no good
You were amazing!
Chopper, raise the waver up
POKI
MUNCH MUNCH
Usopp's Factory



Obviously, pirates should split their loot equally!
It's time for the long waited division of spoils!
$GOLD$
Look at all this gold! We're rich!

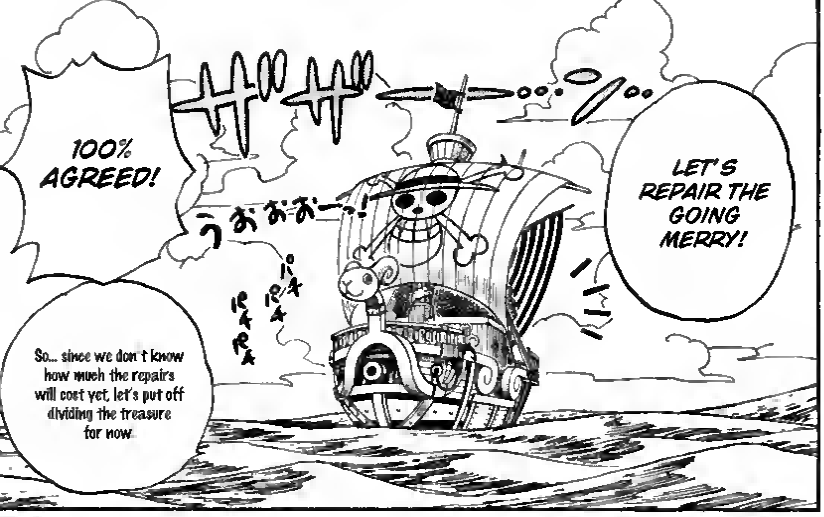
Now then,

Unlimited booze!
Let's see... A new pot, frying pat, and... a giant rat trap.
CAN I BUY BOOKS!?
WOOHOO! I'M GONNA BUY A HUGE STATUE!
FINALLY!

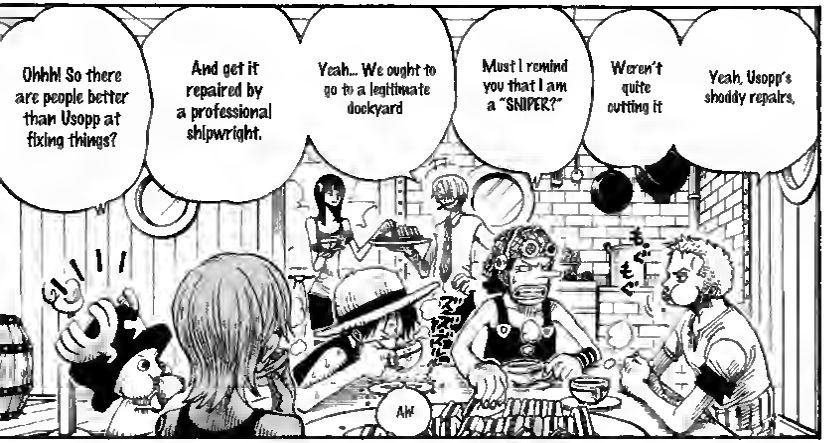


WAI-WAI-WAIT A SEC...
But first, 80% will go to my savings.

It's already in a cracked and creaking mess.
That's right.
That sounds good!
You mean the Going Merry?
The ship?
IT BETTER BE!
It's just a joke.
AS IF YOU COULD JUST TAKE ALL THAT FOR YOUR PERSONAL SAVINGS!



100% AGREED!
うおおお～～！
LET'S REPAIR THE GOING MERRY!
So... since we don't know how much the repairs will cost yet, let's put off dividing the treasure for now.

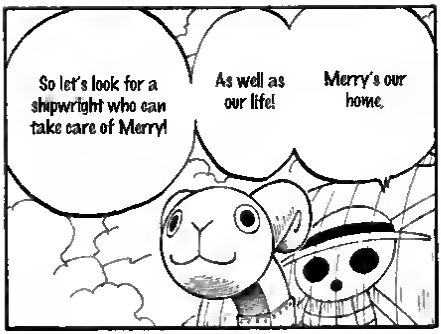


Ohhh! So there are people better than Usopp at fixing things?
And get it repaired by a professional shipwright.
Yeah... We ought to go to a legitimate dockyard
Must I remind you that I am a "SNIPER?"
Weren't quite cutting it
Yeah, Usopp's shoddy repairs,
もぐもぐ
AW

Then how about...

If we don't give it our support in return every now and then,
We'll run into some major trouble for sure.
もぐもぐ
Now that I think about it,
This ship's been supporting us ever since my hometown in East Blue.

WE GET A SHIP-WRIGHT,
FOR OUR NEXT CREW-MEMBER?



So let's look for a shipwright who can take care of Merry!
As well as our life!
Merry's our home.

And it's a skill we do eventually need
Our journey still has a long way to go.
!

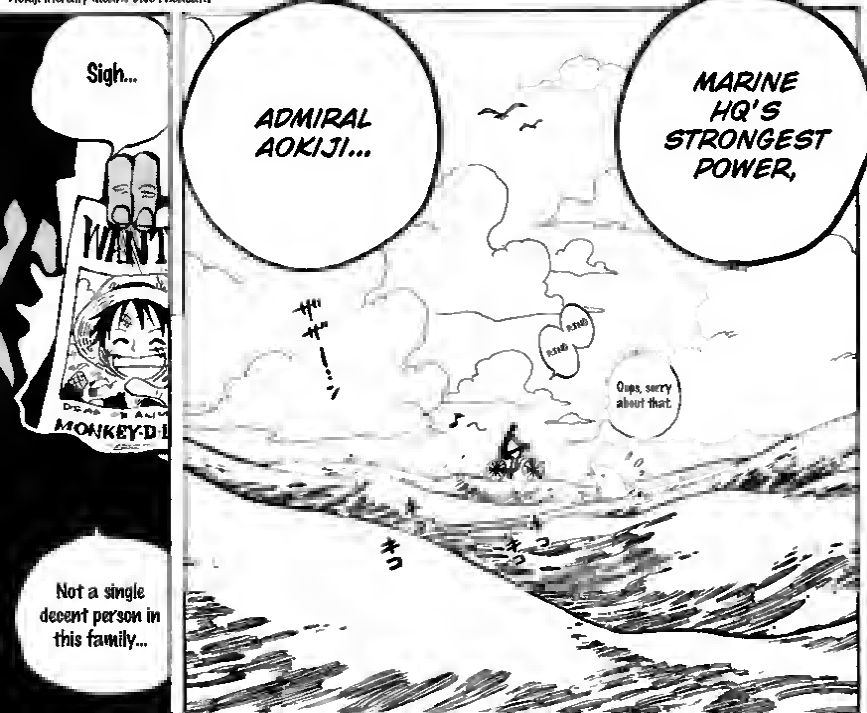
I HOPE WE CAN FIND A GOOD GUY!
Then it's settled!
That sounds great! Let's do it!
AND WE NEED A MUSICIAN!
Uhh, no, leave that one out.
WHA!?

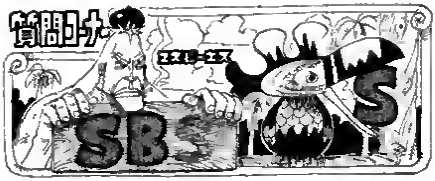
Sure does know how to hit point right on the mark at times.
He..
.....

Grand Line, Marina HQ
Vice admiral! He's not here!
DON'T JUST TELL ME HE'S NOT HERE!
AT LEAST FIND OUT WHERE HE'S GONE THEN!
Well, sir, his bicycle isn't here so I'm guessing... He left for the seas?
Contact the Gorousei at once!

Hmph... Just how lightly does he take his position!?
We can't just have him wandering off as he pleases.
...That man again?
He's probably gone off sightseeing again.
CLICK!
Mhhh...

*Aokiji literally means Blue Pheasant





Ahem. I made a new version of the class time-table schedule (p. 215)
Much thanks to all those who sent me their school's time-table to serve as examples. I tried to keep in mind the following 3 requests.

- Some schools have classes on Saturdays.
- Some schools have 8 classes per day.
- It'd be nice to be able to write individual times for the start and end times.

For those of you who don't have school on Satordays,
Use the Saturday column on the far-right as a column to write in your class times.

For the people who don't need the 7th or 8th rows:
I've made the time-table so it works just fine even if you cut out the bottom two rows or colour it over, so do as you wish with them.

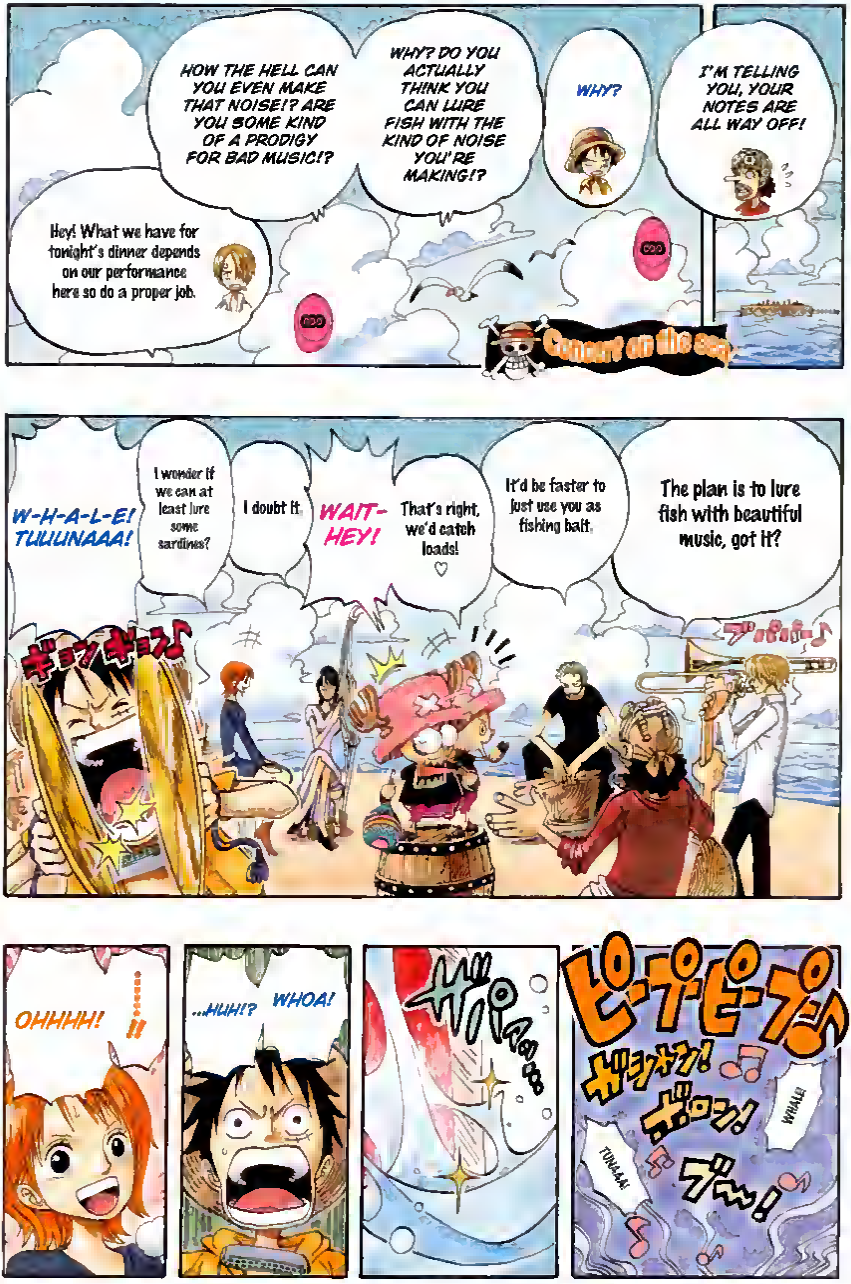
Concerning the size:
You can use a copier to enlarge or shrink the image as you wish! (obviously)

Tea:
Oh thanks. Sure, i'll have a cup.

On the next 4 pages is the "Straw-Hat Theatre."
I really wanted to show it off in full-colour.

After these 4 pages follow Chapter 304 "Adventure on Long Island" and Chapter 305 "Foxy the Silver Fox"

Enjoy!



HOW THE HELL CAN YOU EVEN MAKE THAT NOISE!? ARE YOU SOME KIND OF A PRODIGY FOR BAD MUSIC!?
WHY? DO YOU ACTUALLY THINK YOU CAN LURE FISH WITH THE KIND OF NOISE YOU'RE MAKING!?
WHY?
I'M TELLING YOU, YOUR NOTES ARE ALL WAY OFF!
Hey! What we have for tonight's dinner depends on our performance here so do a proper job.
Concert on the sea
W-H-A-L-E! TUUUNAAA!
I wonder if we can at least lure some sardines?
I doubt it.
WAIT- HEY!
That's right, we'd catch loads!
It'd be faster to just use you as fishing bait.
The plan is to lure fish with beautiful music, got it?
OHHHH!
...HUH!?

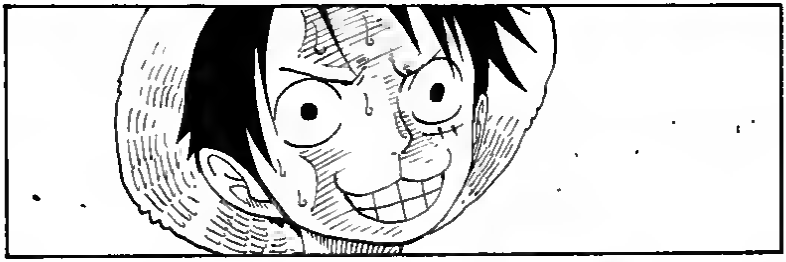
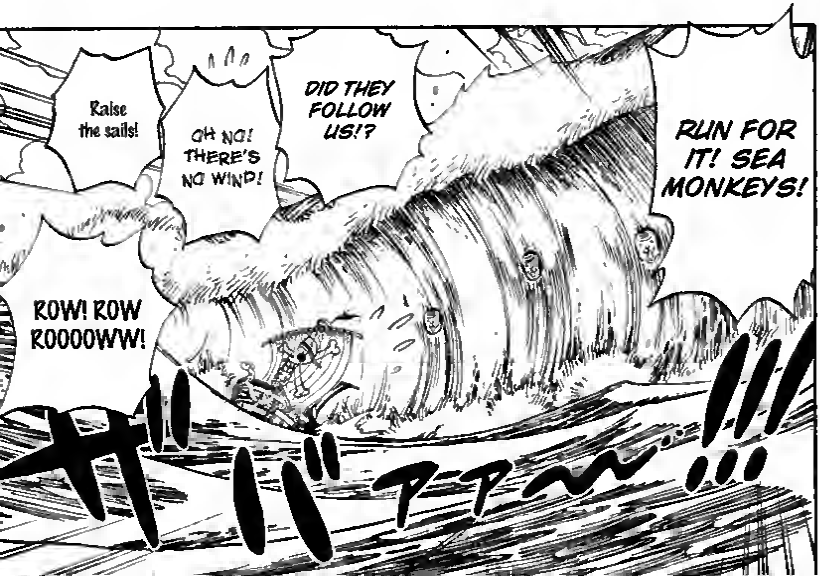
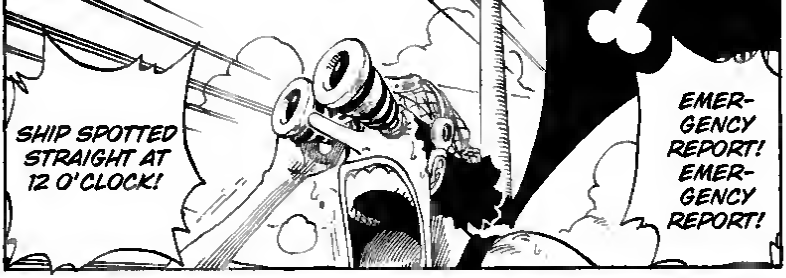
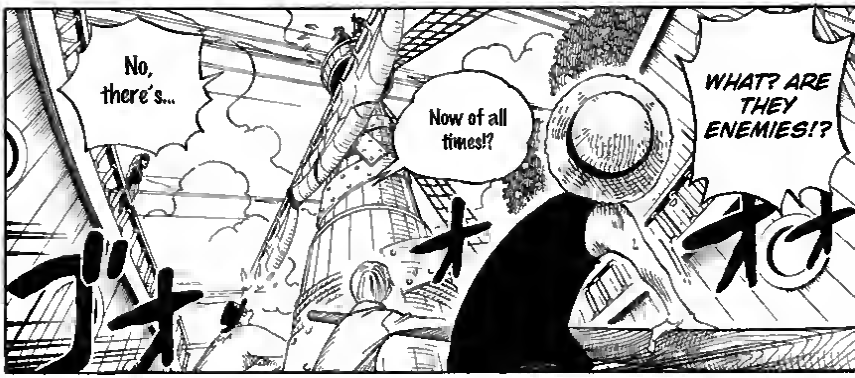
Chapter 304
"Adventure on Long Island"



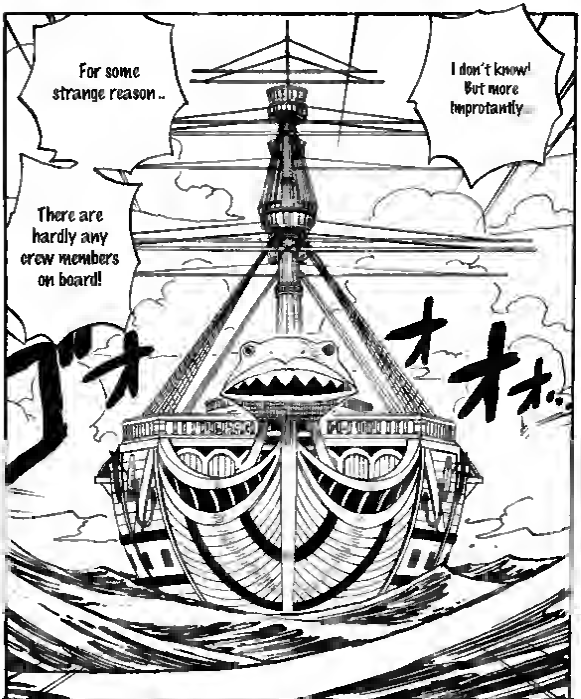




SHIP SPOTTED STRAIGHT AT 12 O'CLOCK!
EMER-GENCY REPORT! EMER-GENCY REPORT!



No, there's...
Now of all times!?
WHAT? ARE THEY ENEMIES!?
ゴオ
オオ



For some strange reason..
I don't know! But more importantly...
There are hardly any crew members on board!
ゴオ
オオオ

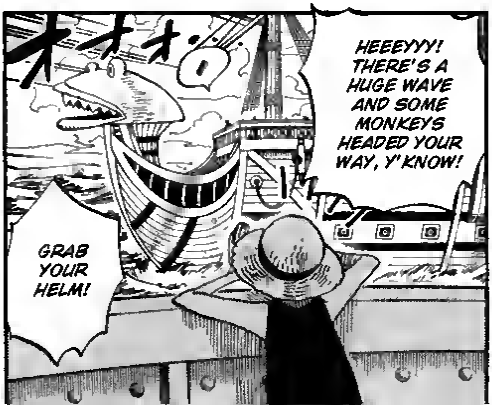
I have no idea what kind of ship it is...!
There's no flag nor sail!
オオ
オオ..!!

What are they even out on the seas for then!?
What kinda ship doesn't have a flag or any sails!?

I CAN'T EVEN DETECT A FAINT WILL TO LIVE!
ずーん
AND THEY ALL LOOK SUPER DEPRESSED!

They're going to be swallowed by the waves at this rate!
Is that ship gonna be alright!?
What's going on?
ｵｵｵｵ!!

HEY... IT'S A SHIP...
AH...
ふら...
A PIRATE SHIP!

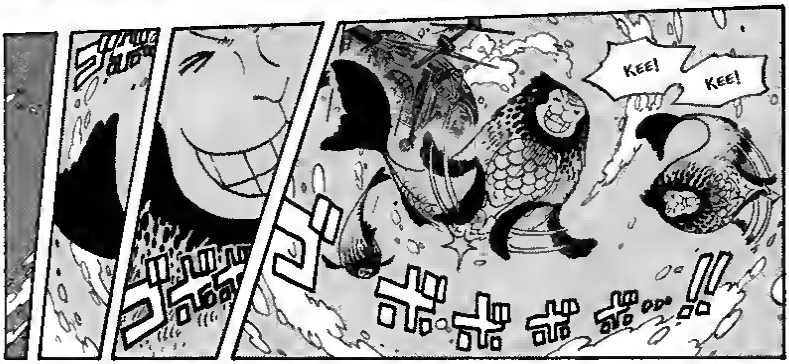


HEEEYYY! THERE'S A HUGE WAVE AND SOME MONKEYS HEADED YOUR WAY, Y'KNOW!
GRAB YOUR HELM!

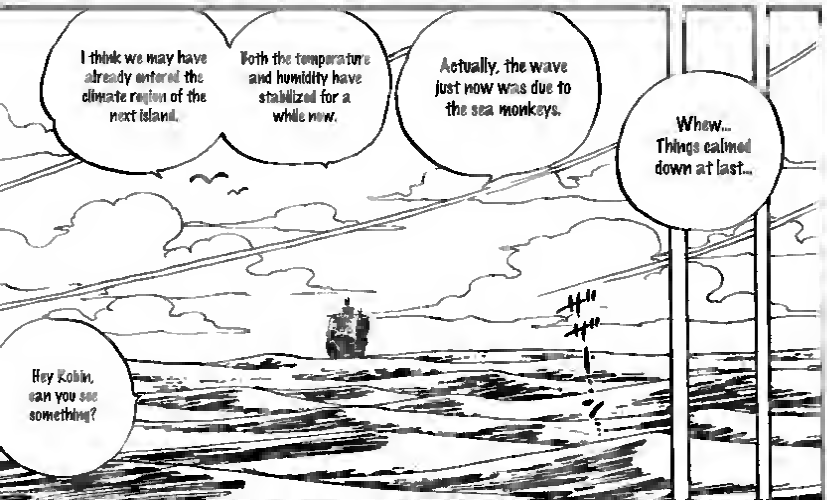
COME ON, SCALLYWAGS! UP ON YOUR FEET! IT'S AN ENEMY SHIP! LET'S GO STEAL THEIR TREASURE!
NO, WAIT! THERE'S A HUGE WAVE COMING! WE GOTTA AVOID IT FIRST!
But that ship's gonna get away then!
MAN THE CANNONS!
Hey, who d'ya think you're orderin' around!?
WHY DON'T YOU DO IT!?
GRAS THE HELM! THE HELM!
HEY, DON'T JUST DO WHATEVER YOU WANT!

What a disorganized crew.
They were talking about stealing our treasure so leave them be. They're enemies.
Where's the helm!?
HOW SHOULD I KNOW?
SOMEONE GIVE ORDERS! NAVIGATOR!
WE DON'T HAVE ONE!
THEN THE CAPTAIN!
WE DON'T HAVE ONE!

IT'S TOO LATE! WE'RE GONNA BE SWALLOWED!
BOOM!
Hey! Who's the one that fired the cannon!?
Dammit, you're all useless!
WELL SO ARE YOU!
ARE YOU KIDDING ME!? WE CAN'T EVEN AVOID ONE WAVE!?
???



KEE!
KEE!



I think we may have already entered the climate region of the next island.
Both the temperature and humidity have stabilized for a while now.
Actually, the wave just now was due to the sea monkeys.
Whew... Things calmed down at last...
Hey Robin, can you see something?

ISLAANNNDO AHOOOYYYY, SCALLYWAGS!
Listen here, you gloomy woman! When you spot an island, you yell like so:
YAHOO!
Now you try saying it.
There's quite a thick fog.
TELL US THAT EARLIER!
Yes, I've been seeing an island for a while now.
おいーっ!!
By the way... Aren't you guys concerned about the ship earlier?
Sorry. I'll be more careful next time.
Do you have any idea how much we look forward to the next island.
Sure thing!
Fog? That can be dangerous. Chopper, can I trust you to keep a close eye ahead of the bow?
GULP
Oh you will? Well then that's good.
They must have had a battle with some other pirates and lost. They must have lost their captain in that fight.
As well as a lot of other things...
They had nothing to qualify them as a pirate crew!
No motivation, no coordination
No flag, no sails,
They didn't have a captain or a navigator...

Then they must not be pirates.... Don't sweat it.
And yet there weren't any of the essential items or crew needed for a pirate crew on that ship!
There wasn't a single sign that they'd been in a fierce battle!
No, that's the thing! I took a close look at their ship!
Is there a town on the island!? It'd be great if there's a dockyard!
So it's the same as always.
I'm getting a baaad feeling...
Luffy, you can't just disembark carelessly as soon as we get there!
Mn...
They definitely looked like pirates though...
The island's becoming visible!
Chopper, looks like Usopp's "Can't-land-on-island-itis" is acting up again.
UGH... GUYS, LISTEN TO ME...
I can't cure that.
NGHH...
I see the shore! Get ready to lower the anchor!
I wonder if a good shipwright will join us...?
Right.

ヒューーーー…
ヒュオォォォォォォ——…
THERE'S NOTHING!
!!!!!!!!

It's empty plains in every direction. What kind of dangers could there be?
Jeez... How can they just go out recklessly onto an island we don't know anything about?
ドロロロロ…!
ｶﾁｶﾁ…

HEY!
ゴロゴロゴロ
WOOHOO! IT'S A HUGE GRASS PLAIN!

I wonder if any humans live on this island...
Sigh... What a boring-looking place.
ｶﾞｸｰﾘ…

うほーっ!!
WHAT IS THIS PLACE!? WHOAAA!
IT'S JUST PLAINS AS FAR AS I CAN SEE...!

Huh...!?
What is it, Cho-

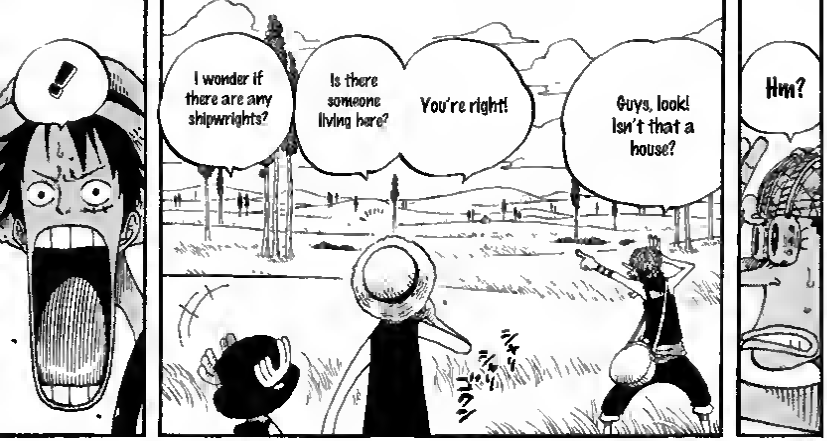
I-It's so long! The bear is looonnng!
That's a bear!
Don't be stupid! How could there be such a furry human!?
A human?



!
I wonder if there are any shipwrights?
Is there someone living here?
You're right!
Guys, look! Isn't that a house?
Hm?

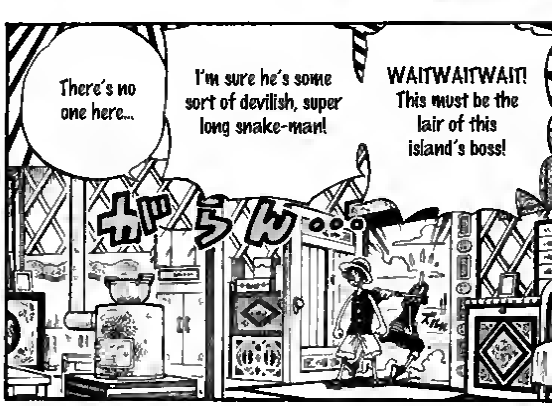
W-WHAT'RE YOU JUST BARGING IN FOR!?
HELLO THERE! PARDON US, COMING THROUGH!
What kind of island is this...?
I feel like I'm becoming longer just by looking at them.
Everything here.. Is so looooonggg..
Why're they so long!?
にょーん
にょーん

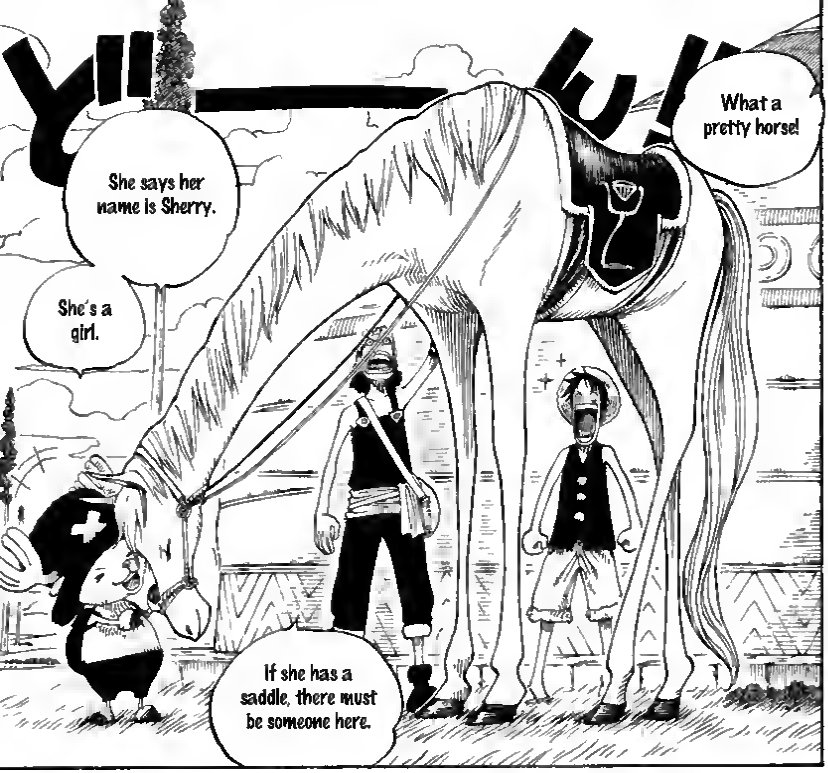
HEEYYY! LUFFY! USOPP!
Hm?
Chopper?



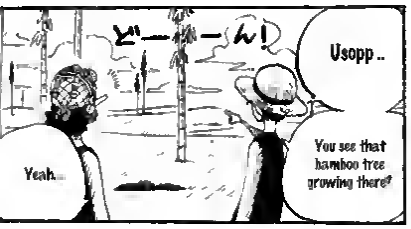
There's no one here...
I'm sure he's some sort of devilish, super long snake-man!
WAITWAITWAIT! This must be the lair of this island's boss!

NEIIIGH...
Are you a horse?

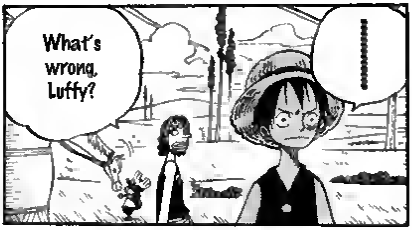
A long white horse.
It's not a giraffe.. Its neck is long, but it's a white horse.
AHH!
NEIGH
It's a giraffe!



What a pretty horse!
She says her name is Sherry.
She's a girl.
If she has a saddle, there must be someone here.



Usopp..
You see that bamboo tree growing there?
Yeah...

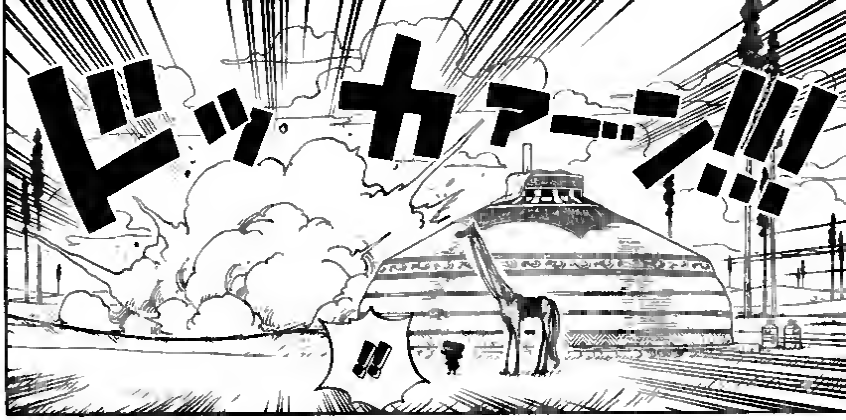


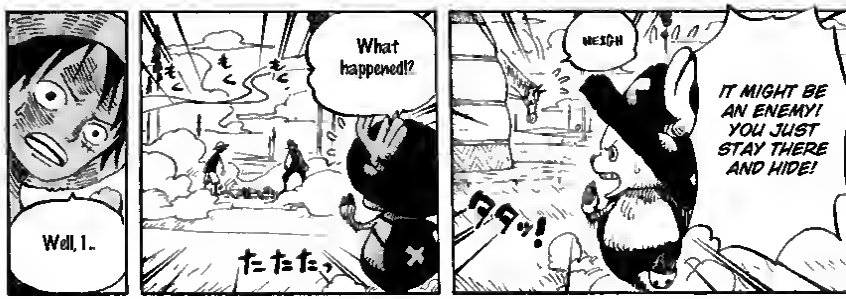
What's wrong, Luffy?
!

No look carefully. This bamboo tree..
Whoa... I can't even see the top!
How tall is this tree!?

AGHH! IT RAN AWAY!
WH...!?
Are you alright!?
NGH!
OOF!
Aghh! The bamboo attacked Luffy!
This must be another long creature! I'm sure of it!
WHIP!
GOMU GOMU NO...
AS IF I'D LOSE TO A TREE!
WATCH OUT, LUFFY!

HA! BROKE YOU LIKE A TWIG!
SNAP!
YOU BEAT IT!
WAY TO GO!
Where is your master?
NEEIIGH..
.. You don't know?
You look lonely..





*refers to Tale of the Bamboo Cutter

What're they planning...!?
If you want a fight, then come down here and get some!

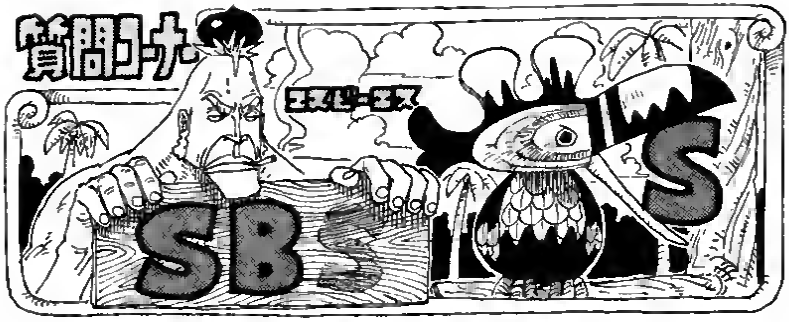
Who the hell are you!?
COME DOWN THIS INSTANT! I'LL TAKE ANY OF YOU ON!
Confined!
Our ship's been...
FOXY
WE ARE THE FOXY PIRATES.
DON'T GET HASTY. WHAT WE SEEK...
IS A MATCH.



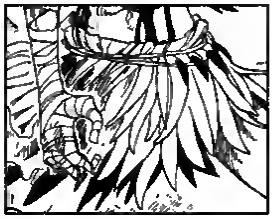
D: Oda-sensei, try changing the "ci" in Nico Robin's "Cinco Fleur" to a "chi".
If you don't say it... I'll do it.
-Ryou-

O: So "Chinko Fleur?" (sounds like "wave your wang around")
CHINKO FURUURU! (mimics Robin's voice)

HEY WAIT A SECOND!

Don't make me say that! This manga is an extremely refined and elegant piece of art.
Please don't dirty it.

D: What's the situation underneath those leaves around Wiper's waist?
is he just letting'em "hang free?"
-Shouei-



O: HANGIN' FREE, BROTHA!

I think. But it must be troublesome to have them swinging wildly during battle. Hmm, maybe he's wearing some sort of loincloth underneath.
Well... I dunno. ("HEY!")

D: One day, my friend "H" was telling me, "Hey, did you know Enel's stretchy ears (♡) are actually..." and then he received judgment and was blown to smithereens...
What was he trying to tell me, even though he knew his life was in danger!!!???

O: Enel already left for Faerie Vearth so I'll answer for him. Enel's stretchy ears are actually made of rice cake...

YAHAHAHA!

KABOOM!

(Due to author absence, the SBS is now concluded)

Chapter 305
"Foxy the Silver Fox"

A spirit?
I told you, I split open a bamboo tree and he just appeared.
...Hey, you. Say something.
ムクッ…
!
Yes, of course I remember. It's been a long time.
Have you all been well?
!?

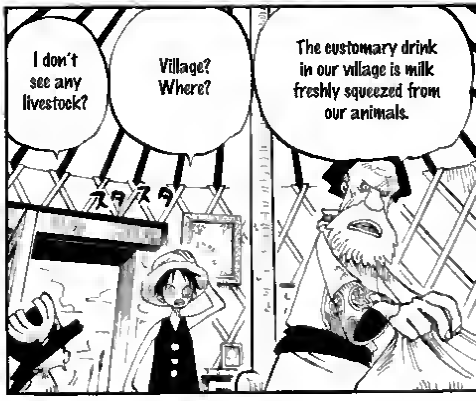
Huh? Do you know him?
I don't know him.
Me neither.
Ahh, no wonder I thought your faces looked unrecognizable.
Talk about changing your mind on a whim!
JUST WHO ARE YOU!?
RUP...
My name's Tonjit.
Let me say my thanks.
You're the ones who brought me down from the stilts, right?
Stilts?
AHH! HE'S RIGHT!
Nomad
Tonjit

But just an old man on bamboo stilts who fell?
Oh, so you're not a fairy that appeared from inside the bamboo when I split it.
So why were you walking on such high stilts?
Yes, and I was standing right at the very top!
But your stilts are so tall I couldn't even see the top!
Holy cow, you ARE retarded!
For 10 years...
What're you, stupid?
Getting on them was the easy part... But it was so high up that I was afraid to get down!
So I was stuck there.
I wanted to try walking on the world's highest stilts!
I've loved walking on stilts for a long time... So using the tall bamboos on this island,
That's all you have to say after 10 years of being up there?
Ahh .. Such frightening times...
Making it even scarier and scarier to try to get down!
Yes, and during that time, the bamboo continued to grow and grow.
YOU WERE WALKING ON STILTS FOR 10 WHOLE YEARS!?

Both the trees and animals!
Speaking of long things, why's everything so long or tall on this island?
You sure paint a lazy picture about your harrowing experience... You're pretty laid-back, aren't you?
I managed to survive on a diet of fruits.
Still, thanks to all the trees on this island as tall as my stilts.
For instance, that animal...
That's one heck of an explanation...
And since they promote a lifestyle where you don't worry and hang-loose, everything here grows long
There's a reason for that, you see. As you can see, these peaceful plains cover the whole island.
Yes, I'd imagine foreigners would wonder about that.
That one's a snoooooow leopard.
There are carnivores here on this island too so be careful
LEOPARD!?
Don't let it bite you
And that's a plaaaaaatypus.
ALL YOU DID WAS PRO-NOUNCE IT LONGER!
Is a daaaaaachshund.

OHH!
WOO-HOO!
Come inside. I'll treat you to some food for saving me.
WHY'S THAT THE ONLY ONE THAT'S LONG HORI-ZONTALLY!?
GRR...
ガチャ!
キッ!

AND MY LIVESTOCK TOO!
AGHHH! THE VILLAGE IS GONE!
You just noticed?
How can a village just disappear in the span of 10 years?

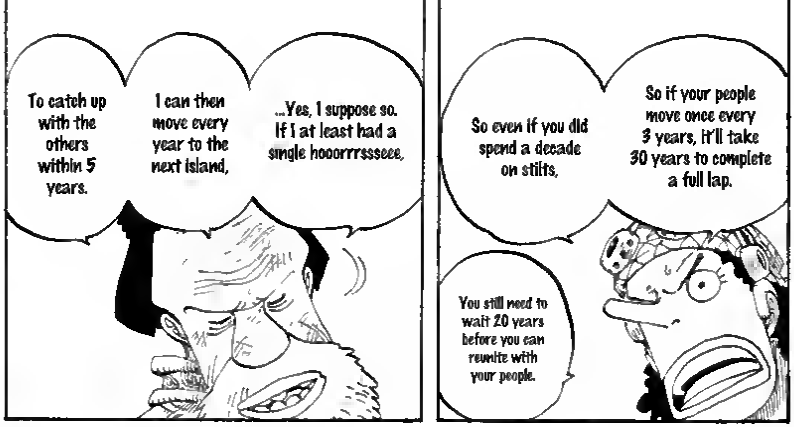


I don't see any livestock?
Village? Where?
The customary drink in our village is milk freshly squeezed from our animals.
スタスタ

Uhh.. Milk? That you've been storing for 10 years..?
Hmm hm hmmm ♪
More importantly, I still have to treat you to something I should have some milk stored over here...
Oh.. Well, about that, I'll explain to you once we sit down and get comfortable.
ガラ...

Alright, well take a seat anyways.
HEY! LOOK AT ME WHEN YOU TALK! THAT'S 10 YEAR-OLD MILK YOU'RE TRYING TO FEED ME, ISN'T IT!?
This cheese is to your liking...
I hope,
So you can eat this cheese, old man?
Hmph, of course I can! It's only 10 year-old cheese.
Unlike you three, I've lived a long and hardy life on this island,
So I've developed a strong stomach.
You youngsters and your fragile constitution...
DON'T EAT IT!
So as I was saying...
NO DUH!
It's food poisoning.
DOCTOORR!
SEE, WHAT'D I SAY, YOU RETARD!
CALL A DOCTOR...
WAIT, THAT'S ME!

Oh, so that's why your village is gone even though it's only been 10 years...
Yes, my people are laid-back nomads who move our homes periodically.
Whoaaa, you're so cool!
Nomads?
あ、ひゃ、ひゃ、
Normally, the high sea levels make it appear as 10 distinct islands.
Although this island is essentially one connected ring.
Welcome, travellors.
This island is called "Long Ring Long Land."
Ohh... So you were left behind during the move.
Using that special low tide, we move from one island to the next, once every 3 years.
So for a few hours on that day, the 10 islands become connected as one.
But once a year comes a very low tide.
Accidentally left behind!? Haha, you're great! I love that slow-witted part of you!
あ、ひゃ、ひゃ、



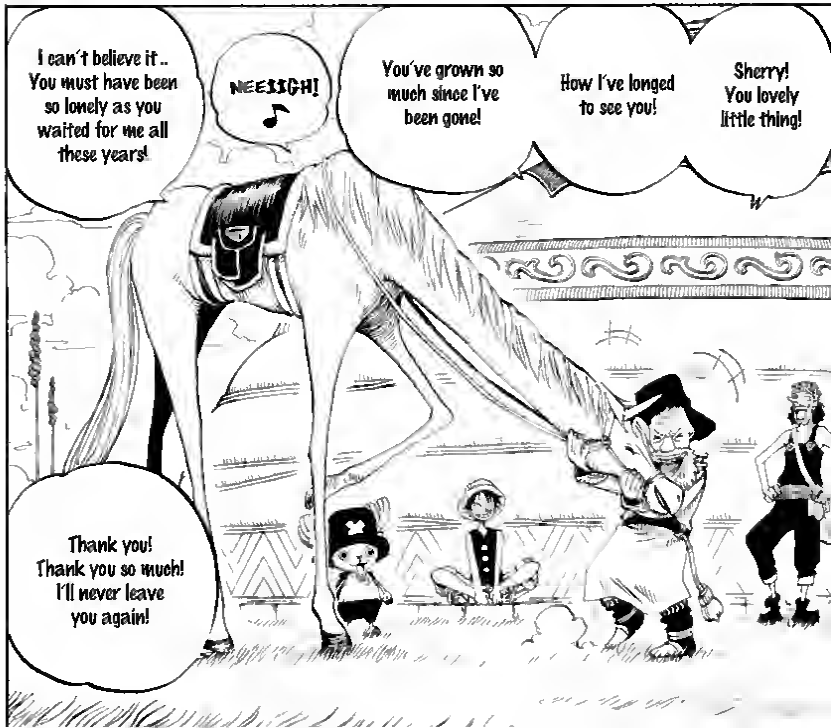
To catch up with the others within 5 years.
I can then move every year to the next island,
...Yes, I suppose so. If I at least had a single hooorrrssseee.
So even if you did spend a decade on stilts,
So if your people move once every 3 years, it'll take 30 years to complete a full lap.
You still need to wait 20 years before you can reunite with your people.

With its strength, it can carry all our belongings during the move. Trying to cross the island by foot would be too slow.
It's almost impossible to move from one island to the next without a hooorrrssseee.
Yes, it's the most beautiful animal on this island. Its form as it gallops across the plains is indescribably graceful.
Hooorrrssseee?
And you'd be drowned by the incoming tide.

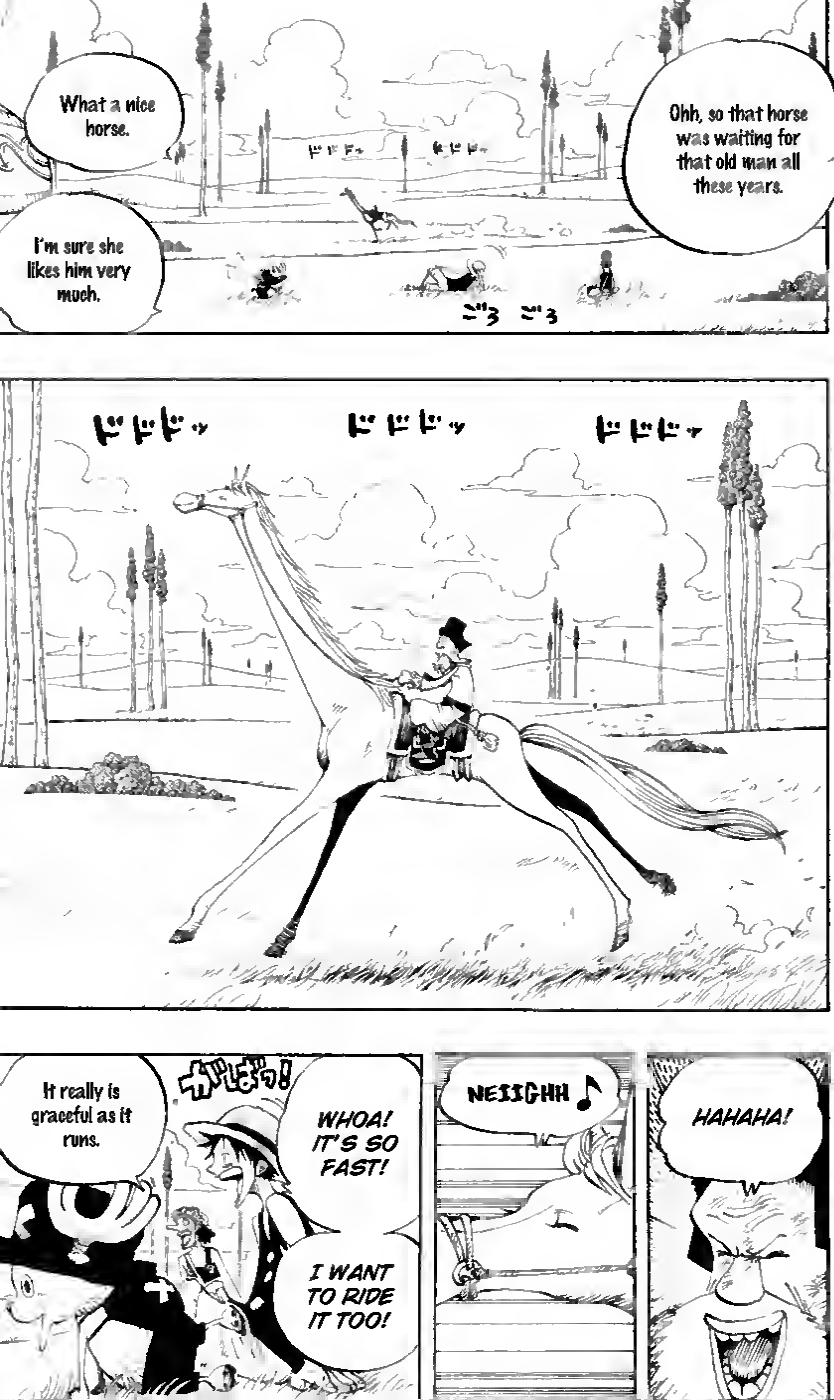
.....
Won't it be lonely...?
After all, the 10 islands here are technically one single island.
Moreover, a log pose would only point at the next island.
None of us have any sea navigational skills...
It's fine, I'll just wait another 20 years here.
Then how about travelling by boat?

Ah, you're right! If it's a horse we're talking about, then there's one outside!
Hm?
Could a hoooorrrsssee be the same thing as a horse?

NEIGHH!
WERE YOU... WAITING FOR ME HERE!?
OHHH! SHERRY!



I can't believe it.. You must have been so lonely as you waited for me all these years!
NEEEIGH!
You've grown so much since I've been gone!
How I've longed to see you!
Sherry! You lovely little thing!
Thank you! Thank you so much! I'll never leave you again!



What a nice horse.
I'm sure she likes him very much.
